III. The request procedures
A requester or applicant will be given access to SAQA records if:
• The requester complies with all the procedural requirements in the Act relating
to the request for access to that record; and

• Access to that record is not refused on any grounds mentioned in the

_Promotion of Access to Information Act, No. 2 of 2000._

**Nature of the request:**

• A requester must use the form that has been printed in the Government

• The requester must also indicate if the request is for a copy of the record or if

s/he wants to come in and look at the record(s) at the SAQA offices.

• Alternatively if the record is not a document, it may be viewed in the

requested form, where possible [s 29(2)].

• If a person asks for access in a particular format then s/he should get access in

the manner that has been asked for, unless if doing so would interfere

unreasonably with the running of SAQA, or damage the record, or infringe a

copyright not owned by SAQA. If for practical reasons access cannot be given

in the required format but in an alternate manner, then the fee must be

calculated according to the way that the requester first asked for it [s 29(3)

and (4)].

• If, in addition to a written reply to their request for the record, the requester

wants to be informed about the decision in any other manner, e.g. by

telephone, this must be indicated [s 18(2)(e)].

• If a requester is asking for the information on behalf of somebody else, the

capacity in which the request is being made should be indicated [s 18(2)(f)].

• If a requester is unable to read or write, or has a disability, then s/he can make

the request for the record orally. The information officer must then fill in the

form on behalf of such a requester and give him/her a copy [s 18(3)].

_Two types of fees are required to be paid in terms of the Promotion of Access to

Information Act, being the request and the access fee s22:_

A requester who seeks access to a record containing personal information about

him/herself is not required to pay the request fee. All other requesters, who are not

personal requesters, must pay the required request fee:

• The information officer must notify the requester (other than a personal

requester) by notice, requiring the requester to pay the prescribed fee (if any)
before processing the request further.
• The request fee payable to public bodies is R35. The requester may lodge an internal appeal, where appropriate, or an application to the court against the tender or payment of the request fee.

• After the information officer has made a decision on the request the requester must be notified of such a decision in the manner in which the requester requested to be notified.
• If the request is granted, a further access fee must be paid for the search, preparation, reproduction and for any time that has exceeded the prescribed hours to search and prepare the record for disclosure.
