

ANNUAL INTEGRATED REPORT 2018/19

CONSOLIDATING THE GAINS:

21
YEARS
OF THE NQF

About SAQA

The South African Qualifications Authority (SAQA) is a statutory body established under the SAQA Act, Act No. 58 of 1995 and continuing under the National Qualifications Framework (NQF) Act, Act No. 67 of 2008. The SAQA is a Schedule 3A National Public Entity as defined by the Public Finance Management Act (PFMA).

SAQA's 2018/19 Annual Integrated Report

Our aim is to provide a balanced and reasonable view of the work of SAQA from 1 April 2018 to 31 March 2019, so that our stakeholders can make an informed assessment of our performance.

The Annual Integrated Report complies with:

Section 13 (2) of the NQF Act;

Section 55 of the PFMA; and

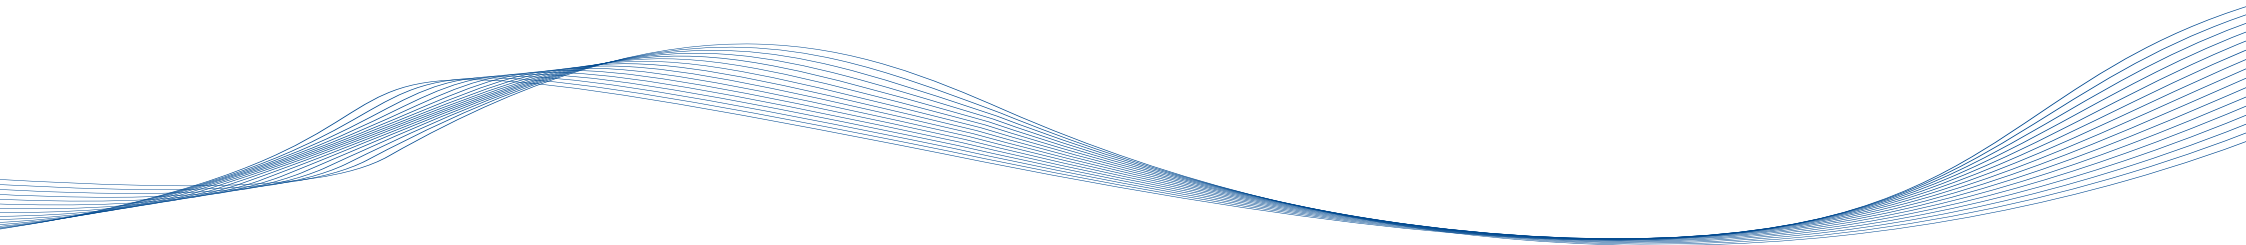

The King IV Report on Corporate Governance for South Africa.

ANNUAL INTEGRATED REPORT **2018/19**

CONSOLIDATING THE GAINS:

21
YEARS
OF THE NQF

21 YEARS OF THE SOUTH AFRICAN NQF

BACKGROUND

The South African National Qualifications Framework (NQF) is, by design, a tool for transparency and inspiring trust in South African education and training. Qualifications and part-qualifications that are registered on the NQF are South Africa's intended learning outcomes. The NQF ensures that South African qualifications and part-qualifications meet clearly defined quality criteria and are internationally comparable. It also enables the movement of learners and removes barriers and dead-end qualifications that restrict career opportunities and social and economic growth. The vision is that of a "world-class NQF that works for the people of South Africa". For the past 21 years, SAQA has developed and implemented the NQF with its mission to contribute to the full personal development of each learner and the social economic development of the nation at large. It is in pursuit of this vision and mission that this journey has been undertaken. This timeline seeks to document the journey of those who travelled on it, together with their pit stops.

PURPOSE

- To track the development of the NQF and its milestones and achievements over the last 21 years

OBJECTIVE

- To outline the milestones and achievements of the NQF over the last 21 years

KEY MESSAGE

- "The NQF road will be made by walking reflectively, accountably and boldly"
- (Samuel Isaacs, 1996)

DEVELOPMENT OF NQF STRUCTURES, POLICIES AND NATURE OF RELATIONSHIPS

Governance Structures

- The Inter-Ministerial Working Group appointed

NQF Functions

- First SAQA Board appointed (1996)
- Second SAQA Board appointed (1999)
- NSB and ETQA Regulations promulgated
- NSBs and ETQAs established
- SGBs established
- Organising fields and sub-fields of the NQF developed
- Eight-level NQF established
- SAQA functions as an interim accreditation agency for higher education
- First qualification (ABET) registered on the NQF
- First two ETQAs (Mining Qualifications Authority and SAICA) accredited

- Centre for the Evaluation of Educational Qualifications transferred from the Human Sciences Research Council to SAQA

Guidelines

- Criteria and guidelines documents for standards setting and quality assurance developed

Legislation

- South African Schools Act passed (1996)
- Mine Health and Safety Act passed (1996)
- Higher Education Act passed (1997) – Council on Higher Education established
- Skills Development Act passed (1998)
- Skills Development Levies Act passed (1998)
- Further Education and Training Act passed (1998)

Funding

- Funding for the development of the NQF received from CIDA, Danida, GTZ and USAID

1990
1995

1996
1999

RATIONALE, ADVOCACY AND LEGISLATION FOR THE NQF

Papers

- Report on the National Education Policy Investigation (1992)
- Participatory Research Project of Cosatu
- Education and Training Framework of the ANC
- Implementation Plan for Education and Development of the Centre for Education Policy Development (1994)

Ideas

- Democratic participation of stakeholders, including labour and education
- Structural integration of education and training into a single ministry of education and training

- Commitment to an NQF

- An integrated approach to education and training

Policies

- The National Strategy Initiative (1994)
- The White Paper on Reconstruction and Development (1994)
- The White Paper on Education and Training (1995)

Governance Structures

- The Inter-Ministerial Working Group
- A Ministry of Education
- A Ministry of Labour responsible for training

Legislation

- SAQA Act passed (1995)

POLICY DEVELOPMENT UNDER THE NQF ACT AND BUILDING INTERNATIONAL FOOTPRINT

Legislation

- NQF Act implementation date set (1 June 2009)

Governance Structures

- Department of the Education divided into Basic Education, and Higher Education and Training

NQF Functions

- Career Advice Services project started at SAQA (2010)
- QCTO established (2010)
- Fifth SAQA Board appointed (2011)
- Transnational Qualifications Framework established (2011)
- Career Advice Services project handed over to DHET (2014)
- First group of Professional Bodies recognised by SAQA and their designations registered on the NQF

Policies

- Sub-Frameworks of the NQF determined (2012)
- Ten-Level Descriptors of the NQF published
- Green Paper for Post-School Education and Training (2012)
- Determination of Sub-Frameworks of the NQF revised (2013)
- White Paper for Post-School Education and Training (2013)

- Policy and Criteria for Registration of Qualifications and Part-Qualifications on the NQF published
- Policy and Criteria for Registration of a Professional Body and Registering a Professional Designation for the purposes of the NQF published
- National Policy and Criteria for Designing and Implementing Assessment for NQF Qualifications and Part-Qualifications and Professional Designations in South Africa published
- Policy for Credit Accumulation and Transfer within the NQF published
- National Policy for the Implementation of the Recognition of Prior Learning revised
- Policy and Criteria for Evaluating Foreign Qualifications within the South African NQF published

International Work

- Groningen Declaration signed (2012)
- Addis Convention adopted (2014)
- Contribution to UNESCO events including the World Reference Levels Expert Group

Funding

- Government, donor and self-generated funding

2000
2008

2009
2015

2016
2019

IMPLEMENTATION OF THE SAQA ACT, REVIEW AND NAVIGATING UNCERTAINTY

Legislation

- Adult Basic Education and Training Act passed (2000)
- General and Further Education and Training Quality Assurance Act passed (2001) – Umalusi established
- NQF Act passed (2008)
- Changes to the GENFETQA Act, the Higher Education Act and the Skills Development Act

NQF Reviews

- Report by the Study Team on the Implementation of the NQF released (2002)
- Report on the inter-dependent NQF by the Inter-departmental Study Team (2003)

NQF Functions

- Third SAQA Board appointed (2004)
- Fourth SAQA Board appointed (2008)
- Standards setting system implemented

- Quality assurance system implemented
- Electronic Information Management System of the NQF implemented
- 6 808 existing qualifications accepted for interim registration on the NQF
- 39 new qualifications and 600 unit standards registered on the NQF
- 17 Joint Implementation Plans in place

Policies

- Quality Management Systems for Education and Training Providers policy published
- Criteria and Guidelines for the Registration of Assessors published
- Joint Statement by Ministers of Education and Labour (2007)

Funding

- Funding for the implementation of the NQF received from the EU

POLICY IMPLEMENTATION AND CONSOLIDATING INTERNATIONAL FOOTPRINT

NQF Functions

- Sixth SAQA Board appointed (2016)
- The NLRD is the most comprehensive database of learners in South Africa

NQF Reviews

- NQF Act Implementation Evaluation Report published (2018)

Legislation

- NQF Amendment Bill passed by Parliament (2019) and awaiting President's signature

Governance Structures

- Department of Higher Education, Science and Technology established (2019)

International Work

- SADC Qualifications Verification Network launched (2016)
- African Qualifications Verification Network launched (2016)
- The 5th Annual Meeting of the GDN hosted (2016)
- SAQA elected to chair the SADC TCCA (2016)
- SADC Qualifications Framework relaunched (2017)
- Participation in the Global Convention on the Recognition of Qualifications concerning Higher Education (2019)

Funding

- Government, donor and self-generated funding
- SAQA receives 21 years of consecutive unqualified audit reports

FOREWORD BY THE CHAIRPERSON OF THE SAQA BOARD

“From a governance perspective, I am proud to report that SAQA continues to be seen as a model statutory body, which executes its mandate of advancing the objectives of the NQF in a transparent, responsible and accountable manner”

V Toni-Penxa
Chairperson of the SAQA Board

During the period under review, the sixth SAQA Board focused its activities on guiding management to consolidate the gains achieved over the past 21 years in pursuit of a world-class NQF for South Africa.

In advancing the positive impact of the objectives of the NQF in a global context, the sixth SAQA Board continued to embrace the values of social justice and ethics, environmental sustainability, diversity and transparency. It also continued to promote, support and subscribe to overall effectiveness and efficiency to the advantage of lifelong learners, especially the marginalised and underserved.

From a governance perspective, I am proud to report that SAQA continues to be seen as a model statutory body, which executes its mandate of advancing the objectives of the NQF in a transparent, responsible and accountable manner. The culture of good governance and accountability is firmly embedded throughout the organisation, and fraud and corruption are not tolerated.

Like the previous boards, the sixth Board has strong governance arrangements in place to support and measure SAQA's progress against the objectives contained in its Annual Performance Plan, and to uphold its mandate in the interest of the effective implementation of the NQF. This ensures that SAQA is a well-governed statutory body.

Highlights during the period under review include the two NQF Forums and the NQF Stakeholder Forum that were hosted by the Minister of Higher Education and Training, Dr Naledi Pandor, to deal with some of the systemic challenges in the NQF environment. These forums demonstrated the Minister's commitment to the success of the NQF.

Further, I would like to acknowledge the key role played by the Portfolio Committee on Higher Education and Training in shepherding the NQF Amendment Bill through the parliamentary processes. Once the Bill is signed into law, the sixth SAQA Board will ensure that it is implemented for the benefit of the people.

Let me take this opportunity to welcome Mr Ashley Benjamin as a new Board member, appointed by Minister Pandor for the remainder of the sixth SAQA Board's five-year term, which ends on 31 December 2020. Mr Benjamin brings education and training expertise from a labour perspective. I am pleased to report that the relationship between the sixth Board and management is healthy, and that there is a clear understanding of the roles and responsibilities of the Board and management.

In conclusion, I wish to thank SAQA's Chief Executive Officer, Mr Joe Samuels, and his management team and staff for their cooperation, dedication and support to further develop and implement the NQF. I also appreciate the cooperation and support of my fellow Board members. Without their contributions, SAQA would not have continued to succeed with the implementation of the NQF policies to the benefit of all the people of South Africa.

A handwritten signature in dark ink, appearing to read 'V Toni-Penxa'.

V Toni-Penxa
Chairperson of the SAQA Board

CHIEF EXECUTIVE OFFICER'S **OVERVIEW**

"As the custodian of the NQF, SAQA continued to provide decisive and coherent leadership, coordination and effective monitoring and evaluation towards an articulated NQF."

JS Samuels
SAQA Chief Executive Officer

It is with a sense of pride and accomplishment that SAQA concludes the 2018/19 financial year with the celebration of the NQF's 21st year of existence on 28 March 2019. The achievements reflected in this Annual Integrated Report represent the culmination of 21 years of building a world-class NQF, consolidating the gains anticipated with the promulgation of the SAQA Act in 1995.

Established in 1998 to provide for the registration of national standards and qualifications, the NQF was amplified in 2008 with the repeal of the SAQA Act and the promulgation of the NQF Act to provide for the further development, organisation and governance of the NQF. It is perhaps appropriate that its coming of age should coincide with the passing of the NQF Amendment Bill, which is awaiting promulgation as the NQF Amendment Act.

During the period under review, SAQA focused on Recognition of Prior Learning (RPL), articulation, genuine qualifications, and the simplification of the NQF. SAQA's efforts to serve lifelong learners and to contribute to the socio-economic development of the country as a whole is evident in its delivery on these focus areas.

As the custodian of the NQF, SAQA continued to provide decisive and coherent leadership, coordination and effective monitoring and evaluation towards an articulated NQF. Its achievements have contributed to its reputation as a model statutory body. This is reflected in the confidence of the nation in SAQA as an institution that is committed to serving the interests of the public.

ENHANCING POLICY IMPLEMENTATION

To demonstrate the impact of the NQF, an independent and objective evaluation of the implementation of the NQF Act, published in January 2018, looked at efficiency, effectiveness and emerging impact. Efficiency relates to aspects such as collaboration, coordination and reporting, qualification registration, evaluation and verification, and the implementation of Qualifications Sub-Frameworks. Effectiveness relates to its objectives of creating a single, integrated framework for learning achievements, facilitating access, portability, progression and articulation, enhancing the quality of education and training, and redressing past unfair discrimination. Emerging impact relates to the changes it has produced, directly or indirectly, intended or unintended.

The evaluation found that, by and large, the NQF is widely accepted by stakeholders and embedded within the education, training and development sector. The facilitation of movement and progression of learners across and between Sub-Frameworks and the greater public awareness of the NQF over the past 21 years, have contributed to SAQA's valued reputation in this regard.

CREDIBLE AND TRUSTWORTHY

As the custodian of the NQF, SAQA's credible and trustworthy character gives it a competitive advantage, which will be enhanced once the NQF Amendment Act is promulgated. The Amendment Act will also eliminate duplication and establish zero tolerance for misrepresented and fraudulent qualifications at both the individual and institutional level. This will reinforce SAQA's recognition as an efficient, effective and ethical institution that delivers goods and services that are of value and that the public can trust.

Over the past 21 years, the NQF has been acknowledged as a tool of transparency, legitimacy, integration and comparison, and innovation. Its successful integration of professional bodies and qualifications instils trust in the authenticity of registered qualifications and professional designations, and it will continue to do so. As at 31 March 2019, the National Learners' Records Database (NLRD) contained records of 19.2 million learners with 16.2 million qualification achievements and 108.8 million part-qualification achievements. Further, it had more than 81 000 learners who had achieved a qualification or part-qualification through RPL, and more than 786 000 people with professional designations. Such rich information only exists because of the NQF.

REGIONAL AND INTERNATIONAL RECOGNITION

SAQA is acknowledged as a world leader in the development and implementation of qualifications frameworks. Through SAQA, South Africa has been recognised as one of two countries in the world to have developed such a substantive central database on RPL achievements.

An important achievement has been the key role played by SAQA leading up to the ratification by the South African Parliament of the Addis Convention on the Recognition of Studies, Certificates, Diplomas and Degrees and Other Academic Qualifications in Higher Education in African States. This convention of the United Nations Educational, Scientific and Cultural Organisation (UNESCO) facilitates student mobility through the recognition of the higher education qualifications of institutions in Africa, thereby enhancing SAQA's credibility.

SAQA further enhanced the mobility of national and international lifelong learners by amending its Policy and

Criteria for Evaluating Foreign Qualifications to include an Addendum, which makes special provision for the evaluation of qualifications of refugees and asylum seekers for employability and integration. This amendment represents the incorporation of relevant new insights into NQF policies.

VALUING OUR STAFF

Achievements over the period under review reflect the cumulative dedication and professionalism of SAQA's staff complement over the past 21 years. I therefore wish to take this opportunity to acknowledge SAQA's staff members for their contribution towards organisational effectiveness and excellence in service delivery. SAQA is proud that its staff members continue to reflect the demographics of the country. SAQA is particularly focused on empowering women, and boasts 62.5% female staff, with African women comprising 52.5%. At senior management level, 69% are women.

In conclusion, I wish to acknowledge the leadership and support of the Minister of Higher Education and Training, Dr Naledi Pandor. I am also thankful to the members of the sixth SAQA Board, under the leadership of Dr Vuyelwa Toni-Penxa as Chairperson of the Board, for their guidance, commitment and support. The exemplary manner in which they observe the distinction between governance oversight and operational management is critical for the efficient and effective functioning of SAQA. I am confident that this support will continue, and will see SAQA rise to even greater heights in serving the people of South Africa as the NQF celebrates 21 years.

STATEMENT OF RESPONSIBILITY AND CONFIRMATION OF THE ACCURACY OF THE ANNUAL INTEGRATED REPORT

To the best of our knowledge and belief, we confirm the following:

All information and amounts disclosed in the Annual Integrated Report are consistent with the Annual Financial Statements audited by the Auditor-General.

The Annual Integrated Report is complete, accurate and free from any omissions.

The Annual Integrated Report has been prepared in accordance with the guidelines on the Annual Integrated Report as issued by National Treasury.

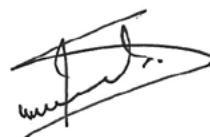

The Annual Financial Statements (Part E) have been prepared in accordance with the effective Standards of Generally Recognised Accounting Practices (GRAP). This included any interpretations, guidelines and directives issued by the Accounting Standards Board (ASB) applicable to the public entity.

The Accounting Authority is responsible for the preparation of the Annual Financial Statements and for the judgements made in this information.

The Accounting Authority is responsible for establishing and implementing a system of internal control designed to provide reasonable assurance as to the integrity and reliability of the performance information, the human resources information and the Annual Financial Statements.

The external auditors are engaged to express an independent opinion on the Annual Financial Statements.

In our opinion, this Annual Integrated Report fairly reflects the operations, the performance information, the human resources information and the financial affairs of the entity for the financial year ended 31 March 2019.

JS Samuels
Chief Executive Officer

V Toni-Penxa
Chairperson of the Board

STRATEGIC OVERVIEW

VISION

A world-class National Qualifications Framework for South Africa

MISSION

To oversee the further development and implementation of the NQF and to advance its objectives, which contribute to the full development of the lifelong learner and to the social and economic development of the nation at large

VALUES

- Quality qualifications
- Social and economic transformation
- Integrity
- Integration
- Quality service
- High energy and corporate vibrancy

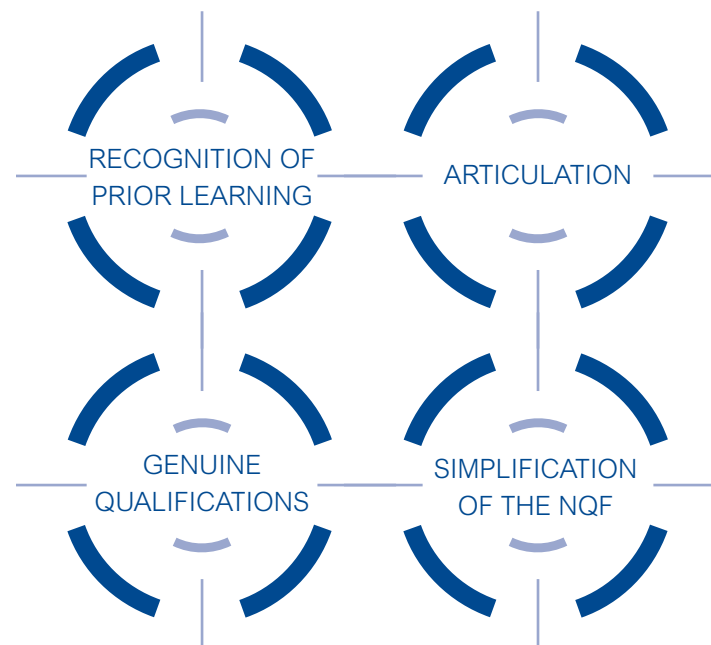

STRATEGIC IMPERATIVES

SAQA is the oversight body of the NQF and the custodian of its values and quality character. To serve lifelong learners and the country, SAQA set out to:

	➤ Provide decisive and coherent leadership, coordination and effective monitoring and evaluation towards an articulated NQF
	➤ Oversee and facilitate the implementation of NQF policies in a coherent, simple and integrated manner across education, training, development and work
	➤ Use and promote constructive relationship building for the effective implementation of NQF objectives
	➤ Continue to make the NQF visible and understood through its positive impact and structured advocacy and communication in South Africa's context
	➤ Empower staff to achieve organisational excellence and value their contributions

FOCUS AREAS

SAQA's focus areas for quality enhancement and delivery in the 2018/19 financial year were:

LEGISLATIVE AND **OTHER MANDATES**

LEGISLATIVE MANDATES

The Constitution of the Republic of South Africa

THE BILL
OF RIGHTS IN
SECTION 29 OF THE
CONSTITUTION OF THE
REPUBLIC OF SOUTH
AFRICA GUARANTEES
THAT EVERYONE HAS
THE RIGHT TO:

- | | |
|---|---|
| 1 | ➤ Basic education |
| 2 | ➤ Further education, which the state must make available |
| 3 | ➤ Receive education in the official language or language of their choice, where it is equitable, practical, and redresses past racially discriminatory practices |
| 4 | ➤ Establish and maintain, at their own expense, independent educational institutions that do not discriminate on the basis of race, are registered with the state, and maintain equal or superior standards |

NQF Act

In terms of the NQF Act, which became effective on 1 June 2009, SAQA is the oversight body of the NQF and the custodian of its values.

Objectives of the NQF

As set out in section 5(1) of the Act, the objectives of the NQF are to:

Create a single
integrated national
framework for learning
achievements

Facilitate access to, and
mobility and progression
within, education, training
and career paths

Enhance the quality of
education and training

Accelerate the redress of
past unfair discrimination
in education, training and
employment opportunities

These objectives are designed to contribute to the full personal development of each learner and the social and economic development of the nation at large.

Functions of SAQA

The role of SAQA, as stipulated in the NQF Act, is to advance the objectives of the NQF, oversee the further development and implementation of the NQF, and coordinate the Sub-Frameworks. SAQA's functions are set out in section 13 of the NQF Act, which, in summary, mandates SAQA to:

- Oversee NQF implementation and collaborate with the Quality Councils;
- Develop and implement NQF policies and criteria;
- Register qualifications and part-qualifications on the NQF;
- Recognise professional bodies and register professional designations;
- Undertake research and collaborate with international counterparts;
- Maintain the National Learners' Records Database;
- Provide an evaluation and advisory service with respect to foreign qualifications;
- Inform the public about the NQF; and
- Provide advice to the Minister of Higher Education and Training.

The Public Finance Management Act, Treasury Regulations and the Framework for Strategic Plans and Annual Performance Plans

In terms of the Public Finance Management Act, Act No. 1 of 2009, SAQA is a Schedule 3A national public entity. SAQA complies with the PFMA, applicable Treasury Regulations, 2005, and the provisions of the Framework for Strategic Plans and Annual Performance Plans, 2010.

SAQA voluntarily subscribes to the King Report on Corporate Governance. The SAQA Board adopted King IV in July 2017, which was implemented in the 2018/19 financial year.

Proposed amendments to existing legislation

During this financial year, the NQF Amendment Bill went through the parliamentary processes and is awaiting promulgation as the NQF Amendment Act.

POLICY MANDATES

The following policy documents have relevance to the work of SAQA:

- The National Development Plan;
- The New Growth Path: The Framework;
- The Human Resource Development Strategy for South Africa (HRDS 2010–2030);
- The National Skills Development Strategy IV (NSDS IV) and the declaration signed at the Skills Summit;
- Presidential Outcomes 1 (Basic Education), 4 (Decent Employment through Inclusive Growth), and 5.1 (Higher Education and Training);
- The White Paper for Post-School Education and Training (November 2013); and
- Priorities and Guidelines for the NQF and other directives from the Minister of Higher Education and Training.

SAQA and the Education and Training Sector

Within the broad policy environment mentioned above, SAQA works in the Education and Training Sector to promote:

- Quality education focused on improvement of education outcomes for the poor;
- Articulation within, between and across the three Sub-Frameworks of the NQF; and
- Improved planning through the availability of reliable data and management information systems.

SAQA and the NQF's partners

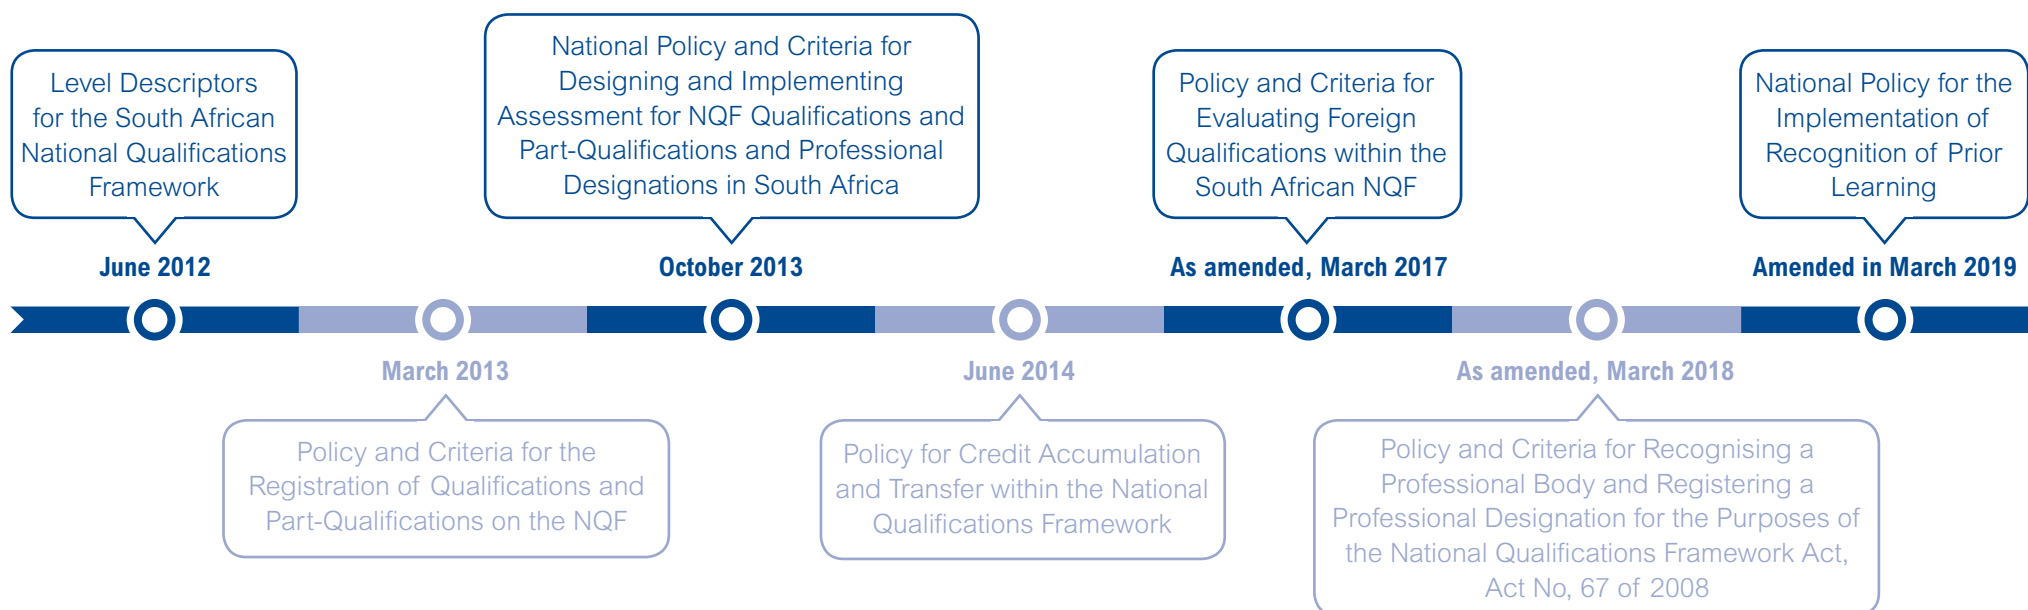

SAQA, together with its NQF partners, is responsible for the following:

	<ul style="list-style-type: none"> Facilitating mobility, by overseeing the development and implementation of policies and criteria towards: <ul style="list-style-type: none"> credit accumulation and transfer Recognition of Prior Learning
	<ul style="list-style-type: none"> Simplifying the NQF
	<ul style="list-style-type: none"> Strengthening assessment and quality assurance systems institutionally, and through the quality councils within the context of the criteria and guidelines developed by SAQA after consultation with the quality councils

Policy initiatives

SAQA, as the apex organisation in the implementation of the NQF, collaborates with its NQF partners to implement the policies and criteria in the NQF landscape as set out below.

PERFORMANCE INFORMATION

AUDITOR-GENERAL'S REPORT: PREDETERMINED OBJECTIVES

The Auditor-General performs the necessary audit procedures on the performance information presented in the annual performance report. The Auditor-General evaluated the usefulness and reliability of the reported performance information to determine if it was presented in accordance with the National Treasury's annual reporting principles and whether the reported performance was consistent with the planned programmes.

Furthermore, the Auditor-General performed tests to determine if the indicators and targets were well defined, verifiable, specific, measurable, time-bound and relevant, as required by the National Treasury's Framework for Managing Programme Performance Information (FMPPi). The audit findings on the performance against predetermined objectives is included under the Predetermined Objectives heading in the Report on Other Legal and Regulatory Requirements section of the Auditor-General's Report.

SITUATIONAL ANALYSIS

THE ROLE OF SAQA

SAQA is mandated to oversee the further development and implementation of the NQF, a key national policy tool with respect to the transformation and integration of the education and training system in South Africa. SAQA operates under the NQF Act to:

- Promote a high-quality education and training system in South Africa; and
- Ensure that South African qualifications are of a high quality, internationally comparable and positioned in a system that is transparent and communicated to all stakeholders.

To achieve this, SAQA works with the three Quality Councils (QCs), which are guided by their respective Qualifications Sub-Framework policies and procedures that are aligned to national policies.

THE NQF

The NQF is a comprehensive system for the classification, co-ordination, registration and publication of articulated quality-assured national qualifications and part-qualifications. All education and training in South Africa fits within this Framework. The infographic on page 19 shows the NQF and how all qualifications across the three Sub-Frameworks fit into the NQF from levels 1 to 10.

NATIONAL QUALIFICATIONS FRAMEWORK

ABET LEVELS AND THE NATIONAL SENIOR CERTIFICATE

*Where an occupational qualification is needed at NQF levels 9 and 10, the developers should contact SAQA and the QCTO to motivate.

SERVICE DELIVERY ENVIRONMENT

Recognition of Prior Learning

Recognition of Prior Learning (RPL) is an integral part of SAQA's work. For this reason, SAQA amended its National Policy on the Implementation of RPL to align it with the Minister's RPL Coordination Policy. The SAQA Board approved the amendments to the National Policy on the Implementation of RPL on 8 March 2019. The amended policy was published in the Government Gazette in March 2019.

Articulation

SAQA conducted the following initiatives to promote articulation:

- In collaboration with Durban University of Technology (DUT), SAQA developed seven in-depth case studies on articulation in practice, and hosted several workshops to encourage other institutions to establish similar practices;
- SAQA worked with DUT on the National Articulation Baseline Study, and hosted several workshops to find ways of integrating the findings from the National Articulation Baseline Study and the seven case studies, into the work of the NQF partners;
- SAQA hosted a national workshop towards the Third NQF Conference on Strengthening Learning Pathways in Early Childhood Development (ECD), Community Development, and Engineering in September 2018. An analysis of learning pathways in ECD, engineering and community development, drawn from data on the NLRD, formed the basis of this workshop; and
- SAQA produced a Bulletin (Volume 18 Number 1) on articulation initiatives in South Africa.

Genuine qualifications

In an effort to ensure the integrity of the NQF by protecting genuine qualifications, and monitoring and reporting on misrepresented qualifications, SAQA follows strict

protocols to pronounce on misrepresented qualifications. During the period under review, SAQA continued to report instances of misrepresentation to the Minister of Higher Education and Training every second month.

With regard to foreign qualifications, SAQA concluded its pilot project and entered the second phase to issue electronic SAQA Certificates of Evaluation (eSCoEs) to holders of authentic foreign qualifications. By the end of the financial year, 13 606 eSCoEs had been issued.

Advocacy

The NQF Advisory Service dealt with 103 240 enquiries during the financial year. The majority of these enquiries were about the foreign qualification evaluation process and the status of the applications submitted for evaluation, as well as provider accreditation.

Simplification of the NQF

SAQA made progress with regard to the simplification of the NQF. Its activities related to the simplification of the NQF were focused on, but not limited to, the following:

- Clarifying and communicating concepts in understandable and appropriate language to policy makers, implementers and beneficiaries;
- Reviewing all policies and processes related to registration, recognition, accreditation and evaluation, and recording;
- Eliminating unnecessary duplication of qualifications and part-qualifications; and
- Identifying and addressing systemic gaps.

Global engagement

SAQA is recognised globally as a leader in the development and implementation of qualifications frameworks. It is an important role player in both regional and

continental structures, ensuring that South Africa has a transparent tool for the comparison and recognition of qualifications, and is able to verify the authenticity of foreign qualifications. During the period under review, several interactions took place between SAQA and its counterparts in Africa and the rest of the world. SAQA led the process of alignment of eight pilot countries with the SADC Qualifications Framework. SAQA presented capacity-building workshops to members of these countries in April 2018, and published its SADC Qualifications Framework Alignment Report for public comment.

Activities in support of promoting constructive international relations for the effective implementation of the objectives of the NQF include the following:

- Participating in the Groningen Declaration Network (GDN) meeting in Paris in April 2018;
- Attending a learning outcomes meeting in association with UNESCO in Greece in June 2018;
- Participating in international forums that took place in Washington, Norway and South Africa;
- Acting as Secretariat for the SADC TCCA, which met in Johannesburg in September 2018; and
- Chairing of the South African Commission of UNESCO's Education Sector Committee by SAQA's Chief Executive Officer (CEO).

The SAQA CEO was nominated by the Department of Higher Education and Training to attend the governmental experts meeting on the Global Convention for the Recognition of Higher Education Qualifications, an initiative of UNESCO, in Paris in December 2018 and March 2019.

Digitisation

In collaboration with UNESCO, SAQA is driving a SADC digitisation pilot as part of the modernisation of verification practices in SADC. During the period under review, it met with Botswana, Namibia and Zambia to discuss the requirements to move forward the pilot on the countries' e-Certificate of Evaluation. This emanates from a

pilot project that SAQA had launched to provide electronic, real-time verification of the SAQA Certificate of Evaluation through digital certificates.

SAQA is constantly looking at ways to improve its workflows through automation. In this regard, SAQA embarked on a project to digitise Senior Certificate and teacher records that were paper-based, and then load these digital records onto the NLRD. During the period under review, 800 195 records were digitised with the support of the Department of Public Service and Administration (DPSA) and its funding partner, Tirelo Bosha. With funding from the Education, Training and Development Practices Sector Education and Training Authority (ETDP SETA), it is anticipated that a further 65 100 teacher records and 9 600 Senior Certificate records will be digitised in the following financial year.

ORGANISATIONAL ENVIRONMENT

Funding

SAQA continues to operate in a resource-constrained environment as it only receives 54% of its budget from the fiscus. As a result, during the period under review, SAQA explored self-funding mechanisms and raised 46% of its budget through alternative sources.

Legal Costs

The current climate of testing the law within our constitutional democracy and the complexity of our education laws means that organisations like SAQA should find avenues to channel cases through a central fund for greater efficiency and use its own designated resources for better outcomes.

Human Resources

Mr Claude Baxter, Director: Information Technology, retired at the end of June 2018. This position has been filled by Mr Joshua Ntsioa.

KEY POLICY DEVELOPMENTS AND LEGISLATIVE CHANGES

No revisions or alterations to SAQA's mandate took place in the 2018/19 reporting period. However, the NQF Amendment Bill is awaiting promulgation.

Ministerial Guidelines

The 2018/19 Ministerial Guidelines were published in March 2018. These guidelines are directives to SAQA and the Quality Councils to further develop and implement the South African NQF, and ensure that the objectives of the NQF are met and implemented across the education and training sector. However, the Guidelines were published too late for inclusion in the 2018/19 Annual Performance Plan (APP) and budget. Consequently, SAQA only implemented those deliverables that could be accommodated within its approved APP and budget.

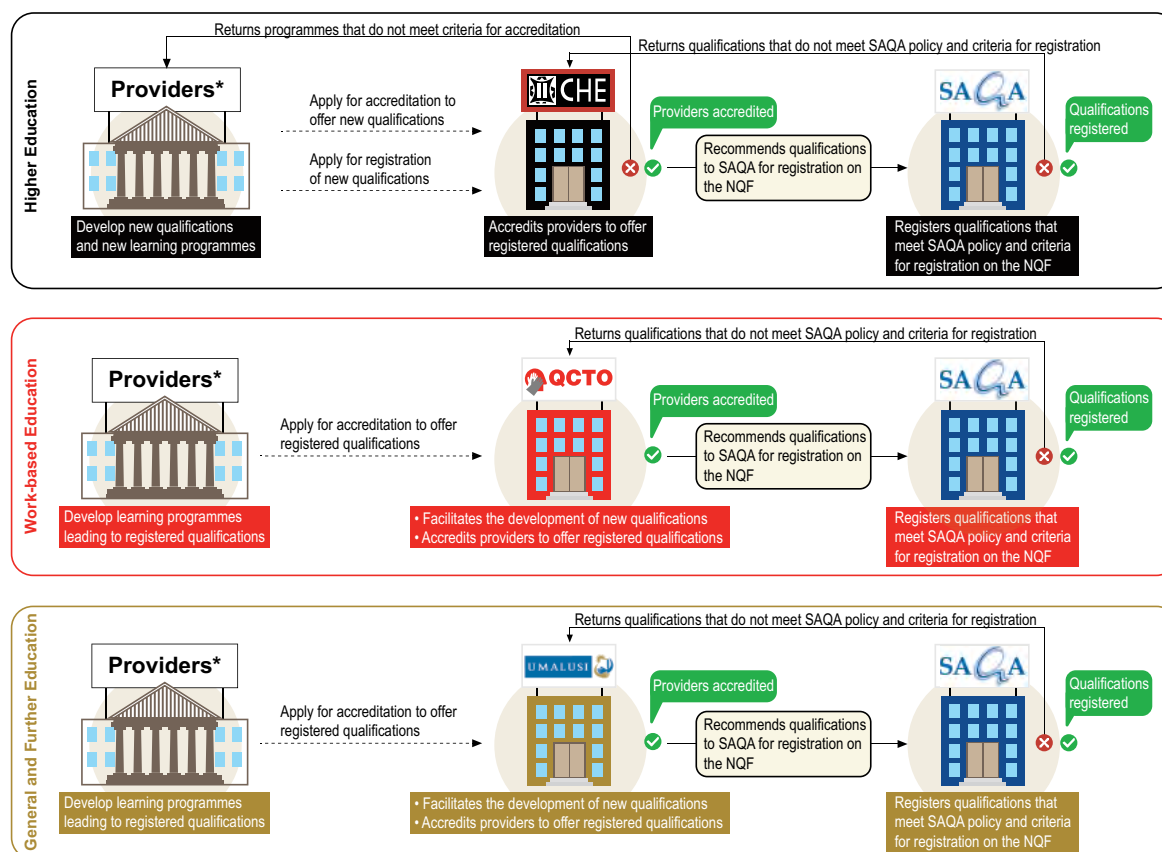

Re-registration of Qualifications and Part-Qualifications on the NQF

During the period under review, SAQA re-registered higher education, and general and further education and training qualifications from 1 July 2018 to 30 June 2021, and work-based qualifications from 1 July 2018 to 30 June 2023. The re-registration excluded those qualifications that:

- Did not meet QC requirements for registration;
- Had been reviewed and replaced by new qualifications;

- Were not quality-assured or accredited by the QCs; and
- Did not meet SAQA's requirements in terms of the Policy and Criteria for the Registration of Qualifications and Part-Qualifications.

The re-registration process presents an opportunity for all key players in the education and training system to look at qualifications and ensure that they meet the needs of the country. The illustrations below show the process through which qualifications are recommended by the three Quality Councils to SAQA for registration on the NQF.

National Policy on the Implementation of Recognition of Prior Learning

The SAQA Board approved amendments to the National Policy on the Implementation of RPL. These amendments align the National Policy with the Minister's RPL Coordination Policy. This amended Policy was published in the Government Gazette in March 2019.

Addendum on the Recognition of Qualifications of Refugees and Asylum Seekers

The SAQA Board approved the Addendum on the Recognition of Qualifications of Refugees and Asylum Seekers. This Addendum adds to the Policy and Criteria for Evaluating Foreign Qualifications within the South African NQF. The Addendum was gazetted in March 2019.

STRATEGIC OBJECTIVES AND ACHIEVEMENTS

In terms of the NQF Act, as well as the mandate of the Minister for Higher Education and Training, SAQA is required to deliver on certain agreed outputs in return for support and resources, as specified in its Strategic Plan. In accordance with the strategic intent, as approved by the SAQA Board, SAQA will continue to follow a value-adding, results-based approach in the delivery of the goals that have been agreed to.

STRATEGIC OUTCOME-ORIENTED GOALS

LEADERSHIP AND COORDINATION

SAQA continued to provide decisive and coherent leadership, coordination, and effective monitoring and evaluation to achieve an articulated NQF in the following ways:

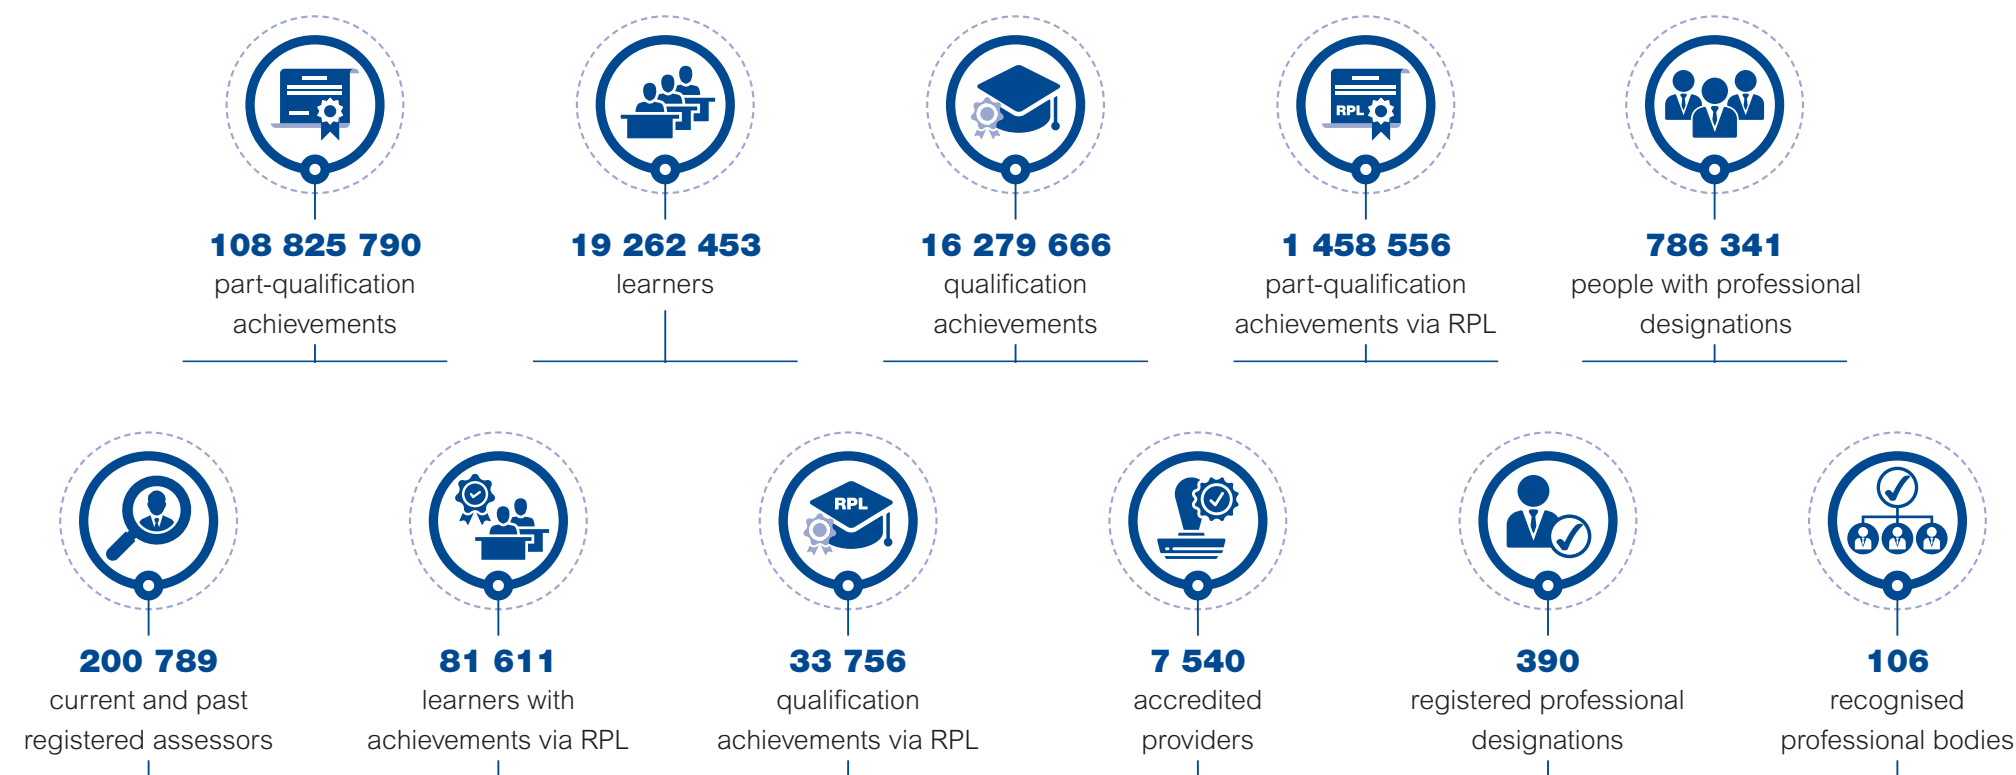

- Addressed issues related to the registration of qualifications on the NQF in order to promote coherence among Qualifications Sub-Frameworks;
- Hosted a workshop for members of the NQF family in July 2018 on the implementation of the NQF Act;
- Provided advice to the Minister on the technical and vocational education and training (TVET) landscape after consulting with the quality councils;
- Provided inputs into the Draft NQF Amendment Bill to the Portfolio Committee on Higher Education and Training; and
- Continued to implement its Policy and Criteria for Registering Qualifications and Part-Qualifications on the NQF to ensure that every registered qualification has articulation options.

NQF POLICY IMPLEMENTATION

SAQA continued to oversee and facilitate the implementation of NQF policies in a coherent, simple and integrated manner across education, training, development and work as follows:

- Promoted the mobility of learners through the evaluation of their foreign qualifications. It evaluated qualifications from 116 different national systems during the period under review. The turnaround time for evaluation is three months;
- Played a role in the ratification of the Addis Convention on the Recognition of Studies, Certificates, Diplomas and Degrees and Other Academic Qualifications in Higher Education in African States; and
- Produced two mutual recognition of qualifications agreements with Cyprus and Italy.

As at 31 March 2019, the NLRD had:

RELATIONSHIP BUILDING

SAQA continued to use and promote constructive relationship building for the effective implementation of the NQF's objectives in the following ways:

- Made effective use of the system of collaboration to ensure constructive working relationships among the NQF family and stakeholders to further simplify the NQF, strengthen the promotion and understanding of the NQF, promote a culture of articulation, promote genuine qualifications, and internationalise the NQF;
- Provided comments on Umalusi's Revised Assessment Policy, as well as the National Skills Development Strategy and the Draft Occupational Qualifications Sub-Framework Policy;
- Interacted with international counterparts in the rest of the African continent and the world, for example with regard to the SADC Qualifications Framework;
- Hosted the Professional Bodies Forums in September 2018 and March 2019 to ensure that professional bodies are aware of the issues that affect them; and
- Participated in international forums that took place in Washington, Norway and South Africa.

PUBLIC POSITIONING

SAQA continued to make the NQF visible and understood through its positive impact, and structured advocacy and communications in the South African context. To demonstrate this, it did the following: During the period under review,

2 045 articles were published in the media that related to SAQA and/or the NQF.

These articles reached approximately **54 million people**.

The articles had an advertising value equivalence of approximately **R62 million**.

SAQA improved the **NQF Advisory Service's feedback mechanisms** to enable the public to navigate the NQF with ease.

SAQA responded to **103 240 queries** through its various communication platforms.

SAQA participated in **70 broadcast** media events and interviews.

STAFF DEVELOPMENT

SAQA continued to optimise capacity, encourage and value the contributions of staff towards organisational effectiveness, efficiency and economy to achieve excellence in service delivery in the following ways:

- Improved staff benefits (dread disease cover and waiting period);
- Recognised and rewarded qualifying employees through the performance and development management system;
- Placed 16 new interns; and
- Provided education assistance to employees.

SAQA's staff development is geared towards developing a world-class NQF that works for the people in South Africa. Thus, constant learning interventions were implemented for staff to become better ambassadors of SAQA and the NQF.

PERFORMANCE INFORMATION BY PROGRAMME

SAQA has six programmes. The programmes are listed in the table below.

		
Programme	Sub-Programme	Strategic Objective/s
1. Administration	1.1 Executive Office: responsible for the overall coordination and organisational performance in response to SAQA's mandate	Provide bold and competent leadership in the implementation of the NQF Act to the advantage of lifelong learners; Facilitate and support the implementation of NQF policies in a simple, coherent and integrated manner; and Coordinate the work of the NQF partners
	1.2 Finance and Administration: responsible for effective financial and infrastructural governance and resources to support SAQA's objectives	Maintain an effective and efficient financial management system
	1.3 Human Resources: responsible for providing strategic and operational support to embrace diversity, environmental sustainability, and social justice and contribute towards the delivery of SAQA's mandate	Provide strategic and operational human resource support to SAQA
	1.4 Information Technology: responsible for effective ICT governance and IT infrastructural resources to support the achievement of organisational objectives and business processes	Develop an effective and efficient IT system that supports SAQA
	1.5 Advocacy, Communication and Support: responsible for informing stakeholders and the public about the NQF, SAQA and related matters	Inform the public about the NQF, SAQA and related matters; and Develop an NQF Advisory Service to enable the public to navigate the NQF

		
Programme	Sub-Programme	Strategic Objective/s
2. Registration and Recognition	Responsible for registering nationally relevant and internationally comparable qualifications and part-qualifications that meet national criteria and articulate across sub-frameworks; and recognising professional bodies and registering professional designations	Register qualifications and part-qualifications; and recognise professional bodies and register professional designations
3. National Learners' Records Database	Responsible for maintaining and further developing the NLRD's functionality, which serves as the key national source of information for human resource and skills development in terms of policy, infrastructure and planning 3.1 VERIFICATIONS PROJECT: responsible for verifying the authenticity of national qualifications	Maintain and further develop the National Learners' Records Database
4. Foreign Qualifications Evaluation and Advisory Services	Responsible for evaluating foreign qualifications against set criteria, including verification of the authenticity of qualifications and comparison of foreign qualifications with similar qualifications on the South African NQF	Provide a foreign qualifications evaluation and advisory service
5. Research	Responsible for conducting evidence-based research to evaluate the impact of the NQF and inform the development and further implementation of the NQF	Facilitate and support the implementation of NQF policies in a simple, coherent and integrated manner; and conduct research on issues of importance to the NQF
6. International Liaison	Responsible for liaising with international partners on matters concerning qualifications frameworks and sharing best practice within the NQF family	Ensure effective international collaboration and benchmarking

This Report is based on the revised Annual Performance Plan for 2018/19 that was submitted to the Executive Authority and approved by the DHET CFO on 14 March 2019.

19. Number of people using digital (including social media) platforms increased	A total of 607 802 individuals used one of SAQA's digital media platforms during the year	685 023 individuals used one of SAQA's social media platforms	The target was exceeded Recorded 2 868 358 people interactions on digital media platforms	19.1 Record 3 800 000 people and interactions on SAQA/NQF digital platforms	The target was exceeded Recorded 3 803 354 people interactions on digital media platforms	Yes	The target was exceeded because there was better planning, clearer measurement and more efficient implementation

Performance Indicator	Actual Achievement 2015/16	Actual Achievement 2016/17	Actual Achievement 2017/18	Planned Target 2018/19	Actual Achievement 2018/19	Deviation from Planned Target to Actual Achievement for 2018/19	Comment on Deviation
20. Percentage of the three target audiences' awareness, understanding and value of the NQF	Policy Implementers AUV increased from 93% to 96% over last year and by 23% over baseline (2013/14). Policy Makers AUV increased from 92% to 96% in the last year and improved by 18% over the baseline (2013/14)	A rating of 92% awareness, understanding and value was reported for policy makers and policy implementers	The target was not achieved An overall rating of 92.5% for awareness, understanding and value for policy makers and policy implementers was recorded	20.1 Maintain over 90% rating for awareness, understanding and value among policy makers and policy implementers	The target was not met Maintained 90% rating overall for awareness, understanding and value among policy makers and policy implementers	Yes	SAQA could only achieve 90% and not over 90%

Advocacy, Communication and Support

PROGRAMME 1: CONTRIBUTION TO SAQA'S STRATEGIC GOALS

Programme 1 comprises the support areas of SAQA. The Executive Office provides leadership to SAQA and oversight to the Quality Councils in the implementation of the NQF Act. The Executive Office sets the tone for building and maintaining relationships with SAQA's stakeholders; namely, the Minister: Higher Education and Training, the Department of Higher Education and Training, the Department of Basic Education, the Council on Higher Education, the Quality Council for Trades and Occupations, Umalusi and professional bodies. The Executive Office also manages SAQA's relationships with the Board and its Committees. The Executive Office steers implementation of SAQA's strategy and reports progress to the Board.

Finance and Administration is responsible for all activities relating to the development and reporting of SAQA's budget. This directorate manages SAQA's debtors and creditors, and reports timeously to National Treasury and to the DHET on matters relating to the budget and requirements of the PFMA.

The Human Resource directorate is responsible for ensuring that SAQA adheres to all relevant HR legislation, whilst assisting the directorates to recruit new staff, drive staff training and development and manage the performance of all staff.

The IT directorate maintains SAQA's IT infrastructure that supports its work.

The Advocacy, Communications and Support directorate is responsible for driving SAQA's mandate of publicising and popularising the NQF. This directorate communicates with stakeholders through a variety of channels.

COMMENT ON DEVIATIONS

Explanations for deviations on each of the deliverables appear in the far right column.

	N/A	Developed proposal to map 5 articulation pathways for learners sampled from NLRD Proposal will be submitted to Board for approval in July 2017 before articulation pathways are mapped	The target was met The study was completed A Progress Report on the study was approved by SAQA Board on 9 March 2018	No target set for 2018/19	N/A	None	N/A

Registration and Recognition

PROGRAMME 2: CONTRIBUTION TO SAQA'S STRATEGIC GOALS

The Registration and Recognition directorate (DRR) is responsible for (i) registering nationally relevant and internationally comparable qualifications and part-qualifications that meet national criteria and articulate within as well as across Sub-Frameworks, and (ii) recognising professional bodies and registering their professional designations.

Process in the context of qualifications means: To compare 100% of applications for the registration of qualifications received from the QCs to the Policy and Criteria for the Registration of Qualifications and Part-Qualifications on the NQF. DRR returns applications that do not meet the criteria to the relevant QC with a list of missing information. Applications that meet the criteria are submitted to the Qualifications and Standards (Q&S) Committee for recommendation to the Board for registration on the NQF. Once Board approval is granted, the qualifications are registered on the NQF.

Process in the context of professional bodies means to compare 100% of applications received from professional bodies, to the Policy and Criteria for the Recognition of Professional Bodies and the Registration of Professional Designations. DRR returns applications that do not meet the criteria to the applicant with a list of missing information. DRR submits applications that meet the criteria to the Qualifications and Standards Committee for recommendation to the Board for recognition of the professional bodies and/or registration of their professional designations.

COMMENT ON DEVIATIONS

No deviations were recorded for this programme.

PROGRAMME 3: CONTRIBUTION TO SAQA'S STRATEGIC GOALS

The NLRD directorate is responsible for maintaining and further developing the National Learners' Records Database, which is the largest database of learner achievements and other information related to qualifications in the country. The focus of this directorate is to strive towards loading all learner achievement data onto the NLRD. This includes digitising paper records so that they can be loaded onto the NLRD. The directorate also provides analyses of information contained on the NLRD for further research, and to inform policy and decision-making.

The Verifications Project is responsible for verifying the authenticity of national qualifications and reporting on misrepresented qualifications. The NQF Amendment Bill, once promulgated, has significant implications for the work of this directorate.

COMMENT ON DEVIATIONS

There were no deviations from the stated targets for Programme 3.

The countries selected account for about 60% of applications received</p>	Produced the annual Trends Report on Misrepresented Foreign Qualifications	<p>The target was met</p> <p>Produced the annual Trends Report on Misrepresented Foreign Qualifications</p>	35.1 Produce an annual trends report on misrepresented foreign qualifications	<p>The target was met</p> <p>Produced an annual trends report on misrepresented foreign qualifications</p>	None	N/A

PROGRAMME 4: CONTRIBUTION TO SAQA'S STRATEGIC GOALS

The Foreign Qualifications Evaluation and Advisory Service is responsible for evaluating foreign qualifications against set criteria, including the verification of the authenticity of qualifications and comparison of foreign qualifications with similar qualifications on the South African NQF. SAQA has the sole mandate to evaluate foreign qualifications.

Register and activate means: Applications that meet the requirements of a checklist are recorded on the foreign qualifications database and activated for further processing against the Policy and Criteria for Evaluating Foreign Qualifications. Applications found to be non-compliant are returned to the client.

COMMENT ON DEVIATIONS

There were no deviations reported under Programme 4.

PART C

GOVERNANCE

INTRODUCTION

In addition to the NQF Act and the South African Constitution, SAQA abides by the PFMA. SAQA also voluntarily subscribes to the King IV Code on Corporate Governance.

As a public entity, bound by the principles of the PFMA, SAQA continuously works towards improving its already sound governance processes. Commitment to the principles of openness, integrity, efficiency, accountability and compliance, as reflected in the King IV Code of Governance Principles 2016, is evident in SAQA's unbroken record of unqualified audit reports over its 23 years of existence.

The sixth SAQA Board, which was appointed in February 2016, together with each of its committees, completed an annual self-assessment in the period under review to measure their effectiveness and performance in subscribing to good corporate governance.

PORTFOLIO COMMITTEE

The SAQA delegation, led by the Chairperson of the Board, presented the Annual Integrated Report 2017/18 to the Portfolio Committee on Education and Training on 10 October 2018. SAQA was congratulated on its presentation and performance over the period under review.

EXECUTIVE AUTHORITY

The Executive Authority of SAQA is the Minister of Higher Education and Training. SAQA reported quarterly to the Minister of Higher Education and Training on progress made towards achieving the targets outlined in its APP for 2018/19. SAQA also reported progress on the implementation of the Ministerial Guidelines and provided a report on the System of Collaboration.

Cases of misrepresented qualification achievements, which had been uncovered during the verification of national and foreign qualifications, were reported to the Minister of Higher Education and Training every two months.

THE SAQA BOARD

BOARD COMPOSITION

SAQA is governed by a Board appointed by the Minister of Higher Education and Training, in accordance with section 14(3)(a) of the NQF Act. The sixth Board, appointed in February 2016, is serving the third year of its five-year term. The Board comprises 16 members, of which:

- Twelve members are appointed in their individual capacities;
- At least two of the 12 members represent organised labour; and
- The remaining four members are the CEOs of SAQA and the three QCs, who are appointed to the Board by virtue of their positions.

The Chairperson of the sixth SAQA Board is Dr Vuyelwa Toni-Penxa and the Deputy Chairperson is Prof Sarah Howie. With the exception of the CEO, all Board members serve in a non-executive capacity. The vacancy on the Board for an organised labour representative was filled by Mr Ashley Benjamin on 21 November 2018, who was appointed by the Minister for Higher Education and Training.

FUNCTIONS OF THE BOARD

The functions of the Board are set out in sections 5(3), 11 and 13 of the NQF Act. In summary, the SAQA Board:

- Must advise the Minister of Higher Education and Training and decision makers on NQF matters, oversee the implementation of the NQF and liaise and consult with the QCs on matters relating to the implementation of the NQF;
- Is mandated to develop policies and criteria for the development and registration of qualifications, assessment, RPL and credit accumulation and transfer, the recognition of professional bodies and registration of professional designations, and the development and maintenance of the content of level descriptors;
- Is required to ensure that South African qualifications are of an acceptable quality and are internationally comparable;

- Is required to maintain a national learners' records database and to provide an evaluation and advisory service with respect to foreign qualifications; and
- Is responsible for conducting or commissioning research into NQF-related matters, to collaborate with international counterparts and to initiate and drive a clear, coordinated communication and advocacy strategy to assist providers, learners and the public at large to understand the new NQF architecture and the implications of the changes for them.

In addition to the responsibilities set out in the NQF Act, the Board also fulfils the role of the Accounting Authority in terms of section 49 of the PFMA.

As the Accounting Authority, the Board acts in a fiduciary capacity and must ensure that:

- Effective, efficient and transparent systems of financial and risk management, internal control, internal audit and procurement are in place;
- Effective and appropriate steps are taken to collect revenue due and to prevent irregular, fruitless and wasteful expenditure and losses from criminal conduct and expenditure as a result of non-compliance with operational policies;
- Effective and efficient management is in place, which includes ensuring the safeguarding of SAQA's assets and controlling its liabilities, revenue and expenditures;
- Applicable legislation and regulations are complied with;
- An effective and appropriate disciplinary system is in place to deal with failures to comply with the PFMA and the internal control systems;
- Budgets, major contracts and other commitments are approved;
- The finances are properly controlled; and
- SAQA operates as an ethical organisation.

The Board sets strategy and policy. Management implements the strategy and decisions made by the Board, and maintains systems of internal control, as well as accounting and information systems. The Board monitors the performance of management.

ACTIVITIES OF THE BOARD AND ITS COMMITTEES

During the year under review, the sixth SAQA Board met four times to conduct its work and to attend to its strategic planning responsibilities.

Section 16(1) of the NQF Act allows the Board to establish committees to assist in the execution of its responsibilities. The table below reflects the structure of committees utilised by the SAQA Board.

BOARD COMMITTEE STRUCTURE

	
COMMITTEE	CHAIRPERSON
Advocacy and Communication Committee	Mr JS Samuels
Audit and Risk Committee	Mr L Koyana
Executive Committee (Exco)	Dr V Toni-Penxa
Finance Committee	Dr V Toni-Penxa
Foreign Qualifications Appeals Committee	Prof JO Kuye
Information and Information Technology (I & IT) Committee	Ms F Nzimande
Professional Body Appeals Committee	Ms N Starr
Qualifications and Standards (Q&S) Committee	Ms N Starr
Remuneration and Human Resources Committee (REMCO)	Prof SJ Howie
Research Committee	Prof TG Schultz
Verification and Comparison of Qualifications (VCQ) Committee	Prof JO Kuye

Notes:

In accordance with section 16(2) of the NQF Act, persons who are not members of the Board are co-opted to serve on Board committees.

Each committee (except the Audit and Risk Committee, which requires an independent chairperson) is chaired by a Board member. At least two Board members are members of each of the committees.

Over the period under review, all Board committees operated within the approved Terms of Reference as described in SAQA's Governance Manual. Apart from the members, the Deputy CEO and relevant directors also attended meetings of the Board and its committees.

Attendance of Board meetings by members of the Board and their respective appointments to Board committees were as follows:

¹ Mr TG Chabalala resigned from the Q&S Committee on 21 November 2018.

² Mr B du Toit was appointed to the Finance Committee on 25 October 2018.

³ Mr L Koyana attended the Board meeting per special invitation as the Audit and Risk Committee Chairperson.

⁴ Mr Z Mheyamwa was appointed to the Finance Committee on 25 October 2018.

⁵ Mr S Moonsamy was appointed to the Finance Committee on 26 July 2018.

⁶ Ms C Thomas was appointed to the I & IT Committee on 7 December 2018.

RISK MANAGEMENT

Risk is managed on three distinct levels at SAQA: line managers at operational level, oversight by the governance structures, and assurance by third parties. The right structures are in place to identify, monitor and manage risks effectively.

KEY DEVELOPMENTS

By actively managing risk mitigation plans and implementing mitigation strategies, SAQA again succeeded in decreasing the risk profile of selected risks and achieved its targets for the year.

SAQA's risk mitigation plans for 2018/19 were categorised as follows:

RISK MANAGEMENT PLAN

The Board is mandated to develop a detailed Risk Management Plan annually; both in the execution of its fiduciary duties and in compliance with sections 50(a) and 51(c) of the PFMA. The Plan includes strategies to mitigate identified risks. The Risk Management Plan includes identified strategic and operational risks and is structured per directorate.

Overview of the Risk Management Plan

IDENTIFY AND DEFINE

Directorate identifies and defines strategic and operational risks

ASSESS AND RATE

Risks are rated according to the likelihood of occurring, and impact if they do occur, on a scale of 1 (low likelihood/impact) to 5 (very strong likelihood/great impact). The risk rating is the product of the likelihood and impact scores.

Risk ratings of 1–8: managed through routine operations; Risk ratings of 9–15: staff member assigned to manage risk; Risk ratings of 16–25: specific action plans are developed to mitigate these risks. Action Plans are incorporated into Directorate Operational Plans.

Directorate risks (irrespective of risk ratings) are collated into the SAQA Risk Plan.

Risks rated 16–25 are collated into the Prioritised Risk Register.

MONITOR AND REPORT

The Management Risk Committee, comprising the CEO, Deputy CEO and Directors: reviews quarterly; assesses risks with ratings of 16–25 by reviewing the impact of mitigation strategies where necessary; and making adjustments to the risk ratings and mitigation strategies; and identifies new areas of risk.

The Audit and Risk Committee recommends the Risk Register (Plan) to the Board for approval annually; ensures that risk assessment and management procedures are followed on a quarterly basis and are satisfactory; and reports progress to the Board quarterly.

The Combined Assurance Plan lists assurance by third parties and is discussed by the Audit and Risk Committee quarterly.

MAJOR STRATEGIC RISKS

The major risks associated with SAQA achieving its mandate over the financial year are described below.

Governance

Budgetary constraints continued to pose a risk in the medium to long term. Strategies to address this risk included lobbying government to ensure SAQA's financial sustainability by increasing the baseline; requesting government support in gaining funding support for projects, such as the digitisation of learner records; lobbying other organisations to ensure SAQA's financial sustainability; and revisiting SAQA's pricing model for services provided.

Leadership

One of the risks SAQA and its NQF partners face is the differences in the interpretation of the NQF Act, leading to conflicting implementations of the Act. To mitigate this risk, SAQA engages constructively with the Minister, her representatives and advisors, and the QCs to ensure that the principles, values and benefits of systemic coordination of the NQF are understood and implemented, that accurate and comprehensive information is available to assist in decision making and implementation, and that SAQA's role as the NQF oversight and leadership body in upholding the NQF in the national interest is agreed upon and supported.

Staff development

Another risk SAQA faces is the loss of scarce skills. This could be mitigated by ensuring that a pool of suitably qualified staff is in place within SAQA, and ensuring that systems, networks and technical documentation is up to date.

Public positioning

Not providing quality information and advice on the NQF to the public on time could compromise SAQA's reputation as the apex body in the education, training and development sector. Strategies to address this risk include collaborating with the relevant partners to promote the NQF to mutually identified audiences, leveraging on digital and social media platforms to communicate and create support for NQF advocacy, and optimising the website for audiences to easily obtain information.

INTERNAL AUDIT AND **AUDIT COMMITTEES**

SAQA does not use an in-house internal audit function, due to the nature and size of its staff complement. The internal audit function was outsourced to Nexia SAB&T and the audit reports produced were reviewed by the Audit and Risk Committee.

COMPLIANCE WITH **LAWS AND REGULATIONS**

SAQA provided confirmation of compliance to the Audit and Risk Committee and the Board in terms of a list of the major legislation, codes and rules that it must comply with, as well as additional rules, codes and standards that the Board subscribed to during the 2018/19 financial year. In addition, the Auditor-General tested compliance with laws and regulations during its annual audit.

FRAUD AND **CORRUPTION**

SAQA maintained its internal policies on fraud prevention and detection as well as on fraud reporting during the year. These policies makes allowance for whistle-blowing and anonymous reporting. The CEO is required to report all cases of fraud and corruption to the Board. There were no reported instances of fraud and corruption during the financial year.

MINIMISING **CONFLICT OF INTEREST**

SAQA has a multi-level system of approval for all purchases, which removes bias and prevents any manipulation of the system. The Finance Committee approves purchases above R1 million, and for amounts below that, internal processes are followed. All adjudicators of tenders, and members of the Board and its committees, are requested to declare conflicts of interest at the start of each meeting.

CODE OF **CONDUCT**

Good governance leads to good management, good performance, good stewardship of public money, good public engagement and, ultimately, good outcomes. As an organisation that facilitates an effective public service for improved social outcomes, SAQA recognises the importance of good corporate governance, especially for the public sector. SAQA also recognises the importance of setting the right tone at the top and has adopted the SAQA Code of Ethics and Values, which it strives to live by on a daily basis. The SAQA Code of Ethics forms part of the Governance Manual, which was updated in 2018. The Governance Manual ensures that all members of the Board and its committees, as well as SAQA staff members, have easy access to the Board's Rules of Procedure, Terms of Reference of Committees, the Code of Ethics and Values, and other relevant governance matters.

Staff members are required to pledge to uphold the Code of Ethics when they join SAQA. During the year, SAQA continued to actively manage the quality and standards of the service provided by its staff. Client Service Standards were implemented and reviewed and client compliments and complaints were discussed at the weekly Executive Management meetings.

HEALTH, SAFETY AND **ENVIRONMENTAL ISSUES**

ECONOMIC SUSTAINABILITY

Economic sustainability in the public sector generally refers to “the ability of government to meet its service delivery and financial commitments, both now and in the future”. For SAQA, this is an important consideration as it receives partial government grant funding. In spite of funding challenges, SAQA continued its efforts to reprioritise and curb costs to more effectively use its government grant allocation and the additional funds it raises to deliver optimally on its functions, as mandated by the NQF Act.

ENVIRONMENTAL SUSTAINABILITY

During the 2018/19 reporting period, SAQA's primary focus was to formalise its commitment to achieving the Sustainable Development Goals through a declaration of its commitment to support the United Nations Global Compact initiative. It also continued to entrench and expand its energy-saving activities that it has been implementing over the previous three financial years.

United Nations Global Compact Principles

In adherence to King IV, SAQA will report against the following three principles listed in the United Nations Global Compact.

SUPPORT FOR A PRECAUTIONARY APPROACH IN TERMS OF ENVIRONMENTAL CHALLENGES

Two projects form part of this initiative: The Green Building Initiative and the Recycling and Waste Management Project.

GREEN BUILDING INITIATIVE

In this financial year, SAQA visited other green buildings to learn what they offer in terms of sustainability. Drawing on ideas from such visits, SAQA will be rolling out a Green Lung Project in the next financial year. The first part of the project will focus on the entrance and first floor of the SAQA House building. SAQA appointed a contractor to provide plants for offices that did not previously have plants, as well as for the other general spaces in the building.

RECYCLING AND WASTE MANAGEMENT PROJECT

A waste management company was appointed as a partner during the 2018/19 financial year to expand the implementation of SAQA's Recycling and Waste Management Project. The Project has offered local unemployed persons an entrepreneurial opportunity. Although SAQA is not compensated for the recyclable materials removed from its premises, it is excited to link this initiative to the organisation's social responsibility initiative. As part of its recycling initiative, SAQA collected bread packet sealers and recycled them in exchange for a wheelchair that was handed over to a deserving learner in the Eastern Cape.

SAQA CEO handing over the wheelchair to Lutho Lali in the Eastern Cape

UNDERTAKING INITIATIVES TO PROMOTE GREATER ENVIRONMENTAL RESPONSIBILITY

Two activities form part of this initiative: the annual World Environment Day event and the Energy-Saving Project.

WORLD ENVIRONMENT DAY 2018

SAQA celebrated World Environment Day by hosting an Environmental and Wellness Day on 5 June 2018. The theme for the event was "Beat plastic pollution: If you can't reuse it then refuse it". Various service providers were invited to showcase and market their plastic recycling products, display wellness information and interact and share ideas for recycling and wellness with SAQA staff. The event deepened the conversations about environmental sustainability and wellness among staff members.

SAQA staff celebrating World Environment Day

ENERGY-SAVING PROJECT

An LED light bulb project has resulted in substantial savings due to the reduction in the cost of electricity for SAQA. SAQA is considering other cost-saving initiatives to further decrease its energy consumption.

ENCOURAGING THE DEVELOPMENT AND DIFFUSION OF ENVIRONMENTALLY FRIENDLINESS

SAQA encouraged all its service providers, clients and staff members to make use of the facilities that it provides for the disposal of unwanted goods in an environmentally friendly manner. This is a standard requirement in all services-related Supply Chain Management (SCM) contracts. Failure on part of the service providers to adhere to these terms and conditions will constitute a breach of contract. In addition, all SCM acquisition of furniture, equipment and other assets have to adhere to “green” requirements.

BLUE AND GREEN BLOG

SAQA developed a Blue and Green Blog to encourage more staff engagement and involvement in environmental sustainability development activities. It was developed to serve as an advocacy and communication tool on sustainability issues, including information relating to health and safety issues, as well as regular wellness updates.

SOCIAL RESPONSIBILITY

Every year SAQA staff donate to the Tshwaraganang Children's Home in Hammanskraal, North of Gauteng on Mandela Day and World AIDS Day. This year was no different as SAQA staff collected and donated various goods, including food, clothing, books and sanitary towels.

SAQA staff, in commemorating World Aids Day, gave donations to the Tshwaraganang Home

STAKEHOLDER COMMUNICATION

SAQA uses various channels to raise awareness, understanding and valuing of the NQF, including a multi-platform advisory service, stakeholder engagement, as well as both mass and digital media. For stakeholders like those living in rural areas, where the reach of both new and traditional media like print, online media or television is limited, SAQA has targeted events and exhibitions where staff members interact directly with stakeholders.

NQF ADVISORY SERVICE

The public needs to understand how to navigate the NQF landscape. SAQA continued to offer lifelong learners NQF information and advice through a multi-channel and quality-assured service to enable the public to better understand the NQF, thereby facilitating access, mobility and redress in the education and training sector. In the 2018/19 financial year, the NQF Advisory Service received 103 240 enquiries, which was over 23 000 more than the previous year.

SAQA staff taking the NQF to the people

MASS MEDIA

SAQA uses relevant communication channels to promote the ways in which the NQF is a national asset that is positively impacting on people's lives. Mass media such as radio and print media are used to promote SAQA and the objectives of the NQF. During the period under review, SAQA had **4 333** messages on various media channels.

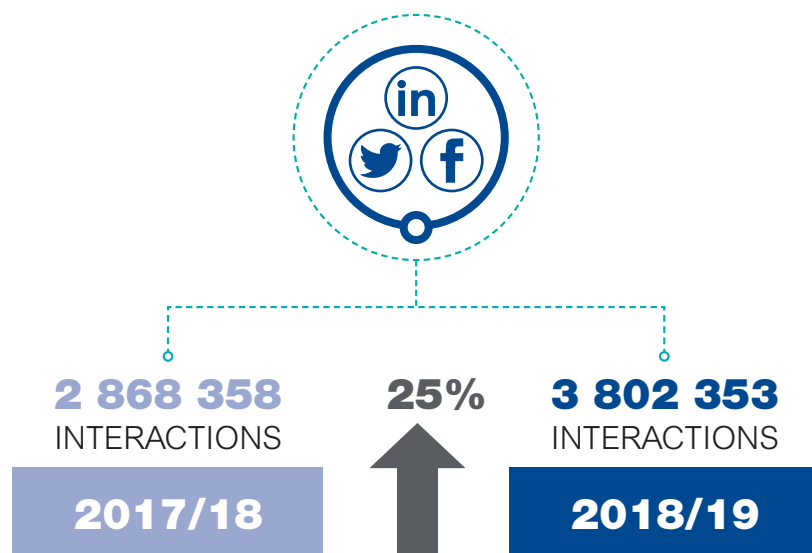

4 333
MESSAGES ON
VARIOUS MEDIA
CHANNELS

SAQA CEO Joe Samuels briefs the media at the launch of the eSAQA Certificate of Evaluation

SOCIAL AND DIGITAL MEDIA

SAQA continued to use digital media to raise awareness about the NQF, its objectives and impact. This included regularly updating the SAQA website and various social media platforms with relevant information about the NQF and SAQA's services. SAQA has a presence on Facebook, Twitter and LinkedIn to ensure consistent and powerful messaging. By driving this focused social media strategy around specific topics, **3 802 353** interactions were recorded on digital media. This is a 25% increase from the last financial year when **2 868 358** interactions were recorded. These interactions were made possible by SAQA's collaboration with NQF partners on a number of marketing communication initiatives, including social media campaigns.

NQF EVENTS AND PARTNERSHIPS

SAQA hosted several key events during the period under review, including the NQF Act Implementation Workshop, the National Workshop towards the third NQF Research Conference, the fifth Ben Parker Memorial Lecture, the NQF Seminar on Articulation and the NQF Stakeholder Forum.

Delegates at the National Workshop towards the third NQF Research Conference

NQF ACT IMPLEMENTATION WORKSHOP

Attended by representatives of the CHE, QCTO, Umalusi, the Department of Basic Education and SAQA, the NQF Act Implementation Workshop took place on 25 July 2018. The purpose of the Workshop was to create a common understanding among NQF partners of the legislation governing the NQF space. Topics covered included understanding the NQF, the implementation of the NQF Act (implementing quality assurance, accrediting learning programmes and accrediting providers) and closing the gap (the NQF Implementation Evaluation Improvement Plan).

National Workshop towards the third NQF Research Conference

Hosted on 4 and 5 September 2018, the National Workshop towards the third NQF Research Conference brought together stakeholders to showcase successful articulation models and analyses of actual learner movements in the ECD, community development and engineering fields. The workshop also explored barriers in those fields with a view to develop an action plan for the way forward.

Fifth Ben Parker Memorial Lecture

On the evening of 4 September 2018, SAQA hosted Prof Punday Pillay as he delivered the fifth Ben Parker Memorial Lecture on “The economy, society, and education and training for a sustainable future in South Africa.”

NQF Seminar on Articulation

The NQF Seminar on Articulation was held in Tshwane on 24 January 2019. The event focused on fine-tuning the recommendations of the SAQA-DUT Research Partnership into TVET/Higher Education/Workplace Articulation.

NQF Stakeholder Forum

The NQF Stakeholder Forum was held in Kempton Park on 2 March 2019. The purpose of the Forum was for key stakeholders to engage around the new NQF environment and share their thoughts on how to address systemic challenges. It was attended by 85 stakeholders from across the education and training sector.

	Event description, purpose and strategic objective	The objective was to: 1. Create a common understanding among NQF partners of the legislation governing the NQF space.	The objectives were to: 1. Bring stakeholders together in order to take developments in articulated learning pathways forward in (a) ECD, (b) Community Development, (c) Engineering; 2. Showcase successful articulation models and analyses of actual learner movements in the selected fields, and barriers in these fields, with a view to using this information to inform ways forward; and 3. Develop an action plan for the way forward in the three fields.	The objectives were to: 1. Commemorate and build on Ben Parker's activism, his deep and progressive theoretical and practical understandings, and his work on the development of education and training across the range of communities in South Africa; and 2. Reflect on the issues of inequality, poverty, and the creation of jobs.	The objectives were to: 1. Share a research paper on the differences between occupational and vocational qualifications and learning; and 2. Enable audience discussion on the topic.	The objective was to: 1. Engage around the new NQF environment and share thoughts on how to address systemic challenges.

AUDIT AND RISK COMMITTEE REPORT

Mr L Koyana

Chairperson of the Audit and Risk Committee

The Audit and Risk Committee Report is presented for the financial year ended 31 March 2019.

The Audit and Risk Committee is an independent statutory committee appointed by the Board. In addition to its statutory responsibilities, further duties have been delegated by the Board to the Committee. This report deals with the Committee's duties and responsibilities.

TERMS OF REFERENCE

The Committee was re-constituted under the newly appointed sixth SAQA Board. The Committee adopted formal Terms of Reference that were approved by the fifth Board in the previous financial year. The Committee conducted its affairs in compliance with the Terms of Reference and discharged its responsibilities contained therein.

ROLE AND RESPONSIBILITIES

Statutory duties

The Committee's role and responsibilities include the statutory duties set out in sections 76(4)(d) and 77 of the PMFA 1999 and sections 3.1 and 27.1 of the Treasury

Regulations issued in terms of that Act and further responsibilities assigned to it by the Board. The Committee executed its duties in terms of the requirements of King IV.

External Auditor

In terms of the PFMA, the external auditor is the Auditor-General. The Committee, in consultation with Executive Management, agreed to the Engagement Letter, Audit Plan and budgeted audit fees for the 2018/19 financial year. The Auditor-General was not asked to provide any non-audit services.

Financial statements and accounting policies and practices

The Committee reviewed the accounting policies and practices and the financial statements of the organisation and was satisfied with their appropriateness and compliance with the effective GRAP. This included any interpretations, guidelines and directives issued by the ASB. No concerns or complaints in relation to the reporting practices of the organisation were received.

Internal financial controls

The Committee oversaw the process by which the Internal Audit function provided a written assessment of the effectiveness of SAQA's system of internal control including internal financial controls and risk management. This written assessment formed the basis for the Committee's recommendation to the Board's response to the External Audit Report to fulfil its reporting requirements. The Board's report on the effectiveness of the system of internal control is on page 8. The Committee fully supports the opinion of the Board in this regard.

Whistle-blowing

The Committee noted that no fraud was reported in the 2018/19 financial year. No concerns or complaints were received relating to the accounting practices and internal audit, the content or auditing of the Financial Statements or any related matters from within or outside SAQA during the 2018/19 financial year.

DUTIES ASSIGNED BY THE BOARD

In addition to the statutory duties of the Committee as reported on above, the Board determined additional functions for the Committee to perform, as set out in the Committee's Terms of Reference. These included providing oversight over integrated reporting, assessment of the organisation as a going concern, governance of risk and internal audit oversight.

Integrated reporting

The Committee fulfils an oversight role regarding the Annual Integrated Report and the reporting process.

The Committee considered the organisation's sustainability information as disclosed in the Annual Integrated Report and assessed its consistency with operational and other information known to the Audit and Risk Committee members and, for consistency, with the Annual Financial Statements.

The Committee discussed the sustainability information with management and was satisfied with the information provided.

According to King IV, the Committee should recommend to the Board the appointment of an external assurance provider on material sustainability issues. The Committee's recommendation to the SAQA Board was not to appoint an external assurance provider. This recommendation is premised on the belief that the relatively straightforward nature and extent of the information did not warrant such an appointment.

Going concern

The Committee reviewed a documented assessment prepared by management, which included key assumptions of the going concern status of SAQA and made its recommendation to the Board. The Board's statement on the going concern status of SAQA is set out on page 124.

Governance of risk

The Board assigned oversight of the risk management function to the Committee. The Committee reviewed the risk management process, the effectiveness of risk

management activities, the key risks facing the organisation and responses to address them. The Committee fulfilled its oversight role regarding financial reporting risks, internal financial controls, and fraud and information technology risks as they relate to financial reporting.

Internal Audit

The Committee ensured that the Internal Audit function was independent and had the necessary resources, standing and authority to enable it to discharge its duties. Furthermore, the Committee oversaw cooperation between the Internal and External Auditors and served as the link between the Board and these functions.

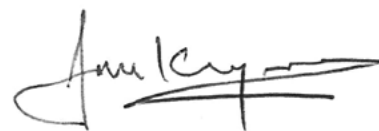

The Committee reviewed and recommended the Internal Audit Charter for Board approval and approved the Annual Audit Plan.

The Internal Audit team reported to the Committee. It reviewed and provided assurance on the adequacy of the internal control environment across all SAQA's operations. The head of the Internal Audit team had direct access to the Committee, through its chairperson. The head of the Internal Audit team attended all Committee meetings.

The Committee assessed the performance of the Internal Audit function.

Evaluation of the Expertise and Experience of the Finance Director and Finance Function

The Committee satisfied itself that the Finance Director has appropriate expertise and experience. The Committee satisfied itself with the appropriateness of the expertise, adequacy of resources of the finance function and the experience of the senior members of management responsible for the finance function.

Mr L Koyana

Chairperson of the Audit and Risk Committee

PART D

HUMAN RESOURCES MANAGEMENT

HUMAN RESOURCE OVERVIEW

PROFESSIONAL STAFF DEVELOPMENT

Learning and development remains an organisational priority in line with SAQA's strategic imperatives. As a result, every staff member has a Learning and Development Plan that is aligned to the strategic objectives and the organisation-wide Learning and Development Plan. This, in turn, ensures that SAQA enhances the culture of effective leadership and accountability for a workforce that shares common values, quality, effective problem solving and high performance.

PERFORMANCE RECOGNITION AND REWARDS

In terms of the recognition and reward of staff performance, SAQA has been using an interim recognition of performance system. With this system, qualifying staff received a once-off performance bonus upon reaching a performance level of four or more (out of a five-point scale) during the performance assessment process.

HUMAN RESOURCE INFORMATION SYSTEM

During the year under review, SAQA continued to enhance the integrated HR information system to streamline HR processes. The system continues to empower line managers to effectively manage leave and draw reports.

LABOUR RELATIONS

Salary increases for 2018/19 were implemented in line with the three-year agreement with the South African Democratic Teachers Union (SADTU), which was concluded

with SADTU on 31 March 2016. Two labour disputes were concluded in the year under review. The matter, which was referred to the Labour Court, was finalised on 13 March 2019.

WORKFORCE PLANNING

The vacancy rate at the end of the year under review remained at 4%. During the year under review, SAQA appointed 18 new employees and 19 employment contracts were terminated. Sadly, one of its employees passed away and four employees retired. Five employees were promoted during the period.

STAFF INDUCTION PROGRAMME

SAQA continued to implement its six-day comprehensive induction programme, which is used to induct new employees with relevant information as they begin their new work journey at SAQA. The information is delivered in a simple, fun and user-friendly manner, using a variety of facilitation methods, ranging from role-play to videos and discussions.

INTERNSHIP PROGRAMME

As part of the overall strategy to foster a culture of lifelong learning, SAQA enables all individuals, especially those in poor and rural communities to have access to, and succeed in quality lifelong education and training as signified by the NQF. To achieve this, over the reporting period, SAQA, for the fifth consecutive year, successfully implemented an internship programme, funded by the ETDP SETA, building on its 15-year relationship with the SETA.

2018/19 Internship Programme

SAQA continued to focus on providing workplace exposure to unemployed graduates and creating an environment where the transfer of workplace skills takes place by means of an internship programme. In the year under review, 16 interns were placed in various directorates. Of these, two found employment outside SAQA. The current internship programme's term would come to an end on 31 August 2019.

WELLNESS PROGRAMME

SAQA supports a wellness culture where employees are both physically and mentally equipped to fulfil their roles optimally. To achieve its mandate, SAQA aspires to have 100% work-fit employees. To make this possible, an Employee Wellness Programme is available to all employees and their immediate family members.

Core wellness services offered to SAQA staff include the following:

- Twenty-four-hour access to the professional wellness call centre;
- Access to telephonic psychosocial counselling;
- Access to face-to-face psychosocial counselling (up to six sessions per incident);
- Access to psychosocial, financial, legal and health advisory services;
- Health education;

- Access to referrals for external specialised networks;
- Access to a lifestyle risk management programme (outreach care calls);
- Group trauma debriefing;
- Wellness orientation and manager training;
- Promotional materials by programme, including wallet cards, posters, pamphlets, articles and mailers; and
- Nurse on site on a monthly basis.

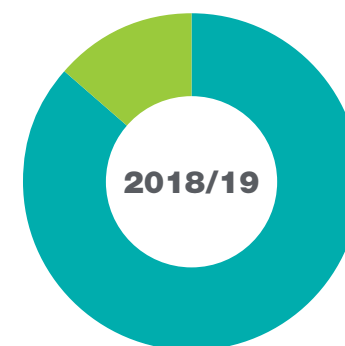

UTILISATION OF THE WELLNESS PROGRAMME

The utilisation of the wellness programme consisted entirely of SAQA employees and two family members.

In the year under review, female employees utilised the wellness programme the most at 65%, while the utilisation by male employees was 35%. The employees who utilised the wellness programme the most were between the age categories of 34–50 years and 51–65 years.

- **65% FEMALE**
- **35% MALE**

- Monthly nurse on site
174 EMPLOYEES
- Flu vaccination
27 EMPLOYEES

ACHIEVEMENTS

During the 2018/19 financial year, SAQA successfully fulfilled its ongoing and priority functions by achieving the following:

- Improved staff benefits (dread disease cover and waiting period);
- Recognised and rewarded qualifying employees through the performance and development management system;
- Approved the new Remuneration and Recognition philosophy;
- Implemented the organisation-wide Learning and Development Plan;
- Recruited and placed 16 interns; and
- Offered employee education assistance.

FUTURE HR PLANS

In 2019/20, SAQA plans to do the following:

- Continue to implement staff Learning and Development Plans;
- Implement the new performance management system and training;
- Assess managers for the Succession Plan; and
- Continue with the improvements and the automation of HR functions for the effective and efficient analysis of trends to inform strategic decisions.

PART E

FINANCIAL INFORMATION

REPORT OF THE AUDITOR-GENERAL TO PARLIAMENT ON SOUTH AFRICAN QUALIFICATIONS AUTHORITY

REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS

Opinion

1. I have audited the financial statements of the South African Qualification Authority (SAQA) set out on pages 127 to 179, which comprise statement of financial position as at 31 March 2019, the statement of financial performance, statement of changes in net assets and statement of cash flows and statement of comparison of budget and actual amounts for the year then ended, as well as the notes to the financial statements, including a summary of significant accounting policies.
2. In my opinion, the financial statements present fairly, in all material respects, the financial position of the SAQA as at 31 March 2019, and its financial performance and cash flows for the year then ended in accordance with the Standards of Generally Recognised Accounting Practice (Standards of GRAP) and the requirements of the Public Finance Management Act of South Africa, 1999 (Act No. 1 of 1999) (PFMA).

Basis for opinion

3. I conducted my audit in accordance with the International Standards on Auditing (ISAs). My responsibilities under those standards are further described in the auditor-general's responsibilities for the audit of the financial statements section of this auditor's report.
4. I am independent of the public entity in accordance with the International Ethics Standards Board for Accountants' *Code of ethics for professional accountants* (IESBA code) and the ethical requirements that are relevant to my audit in South Africa. I have fulfilled my other ethical responsibilities in accordance with these requirements and the IESBA code.

5. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my unqualified opinion.

Responsibilities of accounting authority for the financial statements

6. The accounting authority is responsible for the preparation and fair presentation of the financial statements in accordance with SA Standards of GRAP and the requirements of the PFMA and for such internal control as the accounting authority determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.
7. In preparing the financial statements, the accounting authority is responsible for assessing the SAQA's ability to continue as a going concern, disclosing, as applicable, matters relating to going concern and using the going concern basis of accounting unless the appropriate governance structure either intends to liquidate the public entity or to cease operations, or has no realistic alternative but to do so.

Auditor-general's responsibilities for the audit of the financial statements

8. My objectives are to obtain reasonable assurance about whether financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

REPORT OF THE AUDITOR-GENERAL TO PARLIAMENT ON SOUTH AFRICAN QUALIFICATIONS AUTHORITY

9. A further description of my responsibilities for the audit of the financial statements is included in the annexure to this auditor's report.

REPORT ON THE AUDIT OF THE ANNUAL PERFORMANCE REPORT

Introduction and scope

10. In accordance with the Public Audit Act of South Africa, 2004 (Act No. 25 of 2004) (PAA) and the general notice issued in terms thereof, I have a responsibility to report material findings on the reported performance information against predetermined objectives for selected programmes presented in the annual performance report. I performed procedures to identify findings but not to gather evidence to express assurance.
11. My procedures address the reported performance information, which must be based on the approved performance planning documents of the public entity. I have not evaluated the completeness and appropriateness of the performance indicators included in the planning documents. My procedures also did not extend to any disclosures or assertions relating to planned performance strategies and information in respect of future periods that may be included as part of the reported performance information. Accordingly, my findings do not extend to these matters.
12. I evaluated the usefulness and reliability of the reported performance information in accordance with the criteria developed from the performance management and reporting framework, as defined in the general notice, for the following selected programmes presented in the annual performance report of the public entity for the year ended 31 March 2019:

Programmes	Pages in the annual performance report
Programme 2 – Registration and Recognition	55 – 65
Programme 3 – National Learners' Records Database	66 – 72
Programme 4 – Foreign Qualifications Evaluation and Advisory	74 – 78
Programme 5 – Research	80 – 82
Programme 6 – International Liaison	83 – 90

13. I performed procedures to determine whether the reported performance information was properly presented and whether performance was consistent with the approved performance planning documents. I performed further procedures to determine whether the indicators and related targets were measurable and relevant, and assessed the reliability of the reported performance information to determine whether it was valid, accurate and complete.
14. I did not raise any material findings on the usefulness and reliability of the reported performance information for these programmes:
- Programme 2 – Registration and Recognition
 - Programme 3 – National Learners' Records Database
 - Programme 4 – Foreign Qualifications Evaluation and Advisory
 - Programme 5 – Research
 - Programme 6 – International Liaison

REPORT OF THE AUDITOR-GENERAL TO PARLIAMENT ON SOUTH AFRICAN QUALIFICATIONS AUTHORITY

Achievement of planned targets

15. Refer to the annual performance report on pages 26 to 90 for information on the achievement of planned targets for the year and explanations provided for the under/ over achievement of a number of targets.

REPORT ON THE AUDIT OF COMPLIANCE WITH LEGISLATION

Introduction and scope

16. In accordance with the PAA and the general notice issued in terms thereof, I have a responsibility to report material findings on the compliance of the public entity with specific matters in key legislation. I performed procedures to identify findings but not to gather evidence to express assurance.
17. I did not raise material findings on compliance with the specific matters in key legislation set out in the general notice issued in terms of the PAA.

OTHER INFORMATION

18. The accounting authority is responsible for the other information. The other information comprises the information included in the annual report. The other information does not include the financial statements, the auditor's report and those selected programmes presented in the annual performance report that have been specifically reported in this auditor's report.
19. My opinion on the financial statements and findings on the reported performance information and compliance with legislation do not cover the other information and I do not express an audit opinion or any form of assurance conclusion thereon.
20. In connection with my audit, my responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent

with the financial statements and the selected programmes presented in the annual performance report, or my knowledge obtained in the audit, or otherwise appears to be materially misstated.

21. I did not receive the other information prior to the date of this auditor's report. After I receive and read this information, and if I conclude that there is a material misstatement, I am required to communicate the matter to those charged with governance and request that the other information be corrected. If the other information is not corrected, I may have to retract this Auditor's Report and re-issue an amended report as appropriate. However, if it is corrected this will not be necessary.

INTERNAL CONTROL DEFICIENCIES

22. I considered internal control relevant to my audit of the financial statements, reported performance information and compliance with applicable legislation; however, my objective was not to express any form of assurance on it. I did not identify any significant deficiencies in internal control.

Auditor-General

Pretoria

31 July 2019

**AUDITOR-GENERAL
SOUTH AFRICA**

Auditing to build public confidence

ANNEXURE – AUDITOR-GENERAL'S RESPONSIBILITY FOR THE AUDIT

1. As part of an audit in accordance with the ISAs, I exercise professional judgement and maintain professional scepticism throughout my audit of the [consolidated and separate] financial statements, and the procedures performed on reported performance information for selected programmes and on the public entity's compliance with respect to the selected subject matters.

Financial statements

2. In addition to my responsibility for the audit of the financial statements as described in this auditor's report, I also:
 - identify and assess the risks of material misstatement of the financial statements whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control
 - obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the public entity's internal control
 - evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the board of directors, which constitutes the accounting authority

- conclude on the appropriateness of the board of directors, which constitutes the accounting authority use of the going concern basis of accounting in the preparation of the financial statements. I also conclude, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the South African Qualification Authority's ability to continue as a going concern. If I conclude that a material uncertainty exists, I am required to draw attention in my auditor's report to the related disclosures in the financial statements about the material uncertainty or, if such disclosures are inadequate, to modify the opinion on the financial statements. My conclusions are based on the information available to me at the date of this auditor's report. However, future events or conditions may cause a public entity to cease continuing as a going concern
- evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation

Communication with those charged with governance

3. I communicate with the accounting authority regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during my audit.
4. I also confirm to the accounting authority that I have complied with relevant ethical requirements regarding independence, and communicate all relationships and other matters that may reasonably be thought to have a bearing on my independence and, where applicable, related safeguards.

ACCOUNTING AUTHORITY REPORT

SAQA is a statutory body governed by the NQF Act. SAQA's main mandate is to advance the objectives of the NQF, to oversee the further development and implementation of the NQF and to co-ordinate the Sub-Frameworks that comprise the NQF. In terms of the PFMA, SAQA is a schedule 3A National Public Entity. The SAQA Board is the accounting authority for the activities of the entity.

1. NATURE OF ENTITY

The Authority is a public entity domiciled in South Africa.

2. NATURE OF ENTITY'S OPERATIONS

The nature of the entity's business as set out in the NQF Act, is to oversee the further development and implementation of the NQF, and to ensure the achievement of its objectives.

3. GOING CONCERN

The Board believes that SAQA will continue to be a going concern for the financial year ahead. Accordingly, it continues to adopt the going concern basis in preparing the financial statements. In arriving at this view, the Board took into account the current sound financial position of SAQA as well as the responsibility of the Minister of Higher Education and Training, in terms of the NQF Act, to fund SAQA's functions.

4. EVENTS AFTER THE REPORTING PERIOD

No adjusting events, or non-adjusting events requiring disclosure, occurred after the reporting period.

5. PRINCIPAL ACTIVITIES

- Oversee the implementation of the NQF.
- Develop a system of collaboration to guide the mutual relations of SAQA and the Quality Councils.
- Develop, publish and maintain Level Descriptors for each level of the NQF.
- Develop and implement policy and criteria for the development, registration and publication of the qualifications and part-qualifications on the NQF.
- Register qualifications and part-qualifications on the NQF.
- Develop policy and criteria for assessment, Recognition of Prior Learning and credit accumulation and transfer.
- Develop and implement policy and criteria for recognising a professional body and registering a professional designation.
- Recognition of professional bodies and registration of professional designations on the NQF.
- Collaborate with international counterparts on all matters of mutual interest concerning qualifications frameworks.
- Conduct and commission research on education and training systems.
- Maintain the NLRD as the key national source of information for human resource development in South Africa, including the verification of qualifications.
- Implement and maintain SAQA's Foreign Qualifications Evaluation and Advisory Services.
- Inform the public about the NQF.

6. PROPERTY, PLANT AND EQUIPMENT AND INTANGIBLE ASSETS

There were no changes in the nature of property, plant and equipment and intangible assets or in the policy regarding their use during the year. Capital expenditure on property, plant and equipment and intangible assets for the year amounted to R4,598,507 (2018: R2,633,278).

Details are contained in notes 9 and 10 to the financial statements.

ACCOUNTING AUTHORITY REPORT

7. REMUNERATION

The remuneration of the Chairperson is determined by the Minister of Higher Education and Training, with the concurrence of the Minister of Finance.

Allowances paid to other non-executive members of the Board are determined by the Minister of Finance and approved by the Minister of Higher Education and Training.

Remuneration and allowances paid to the members of the Board for the year under review were as follows:

	Board fees	Remuneration	Travel and Other Costs	Total
	R	R	R	R
Executive				
Mr J Samuels	-	1,805,650	-	1,805,650
Dr J Reddy	-	1,702,870	-	1,702,870
6th Board Members				
Dr V Toni Penxa - Chairperson	374,133	-	5,516	379,649
Dr SD Bhikha	48,328	-	1,263	49,591

Prof SJ Howie	-	-	847	847
Prof JO Kuye	26,528	-	573	27,101
Mr GC Louw	31,120	-	28,099	59,219
Mr FM Maleka	13,912	-	-	13,912
Ms PLF Nzimande	53,988	-	3,600	57,588
Prof TG Schultz	70,347	-	7,064	77,411
Ms N Starr	-	-	7,194	7,194
Mr AO Benjamin - Appointed 26 November 2018	3,478	-	-	3,478
Total	642,338	3,508,520	55,845	4,206,703

ACCOUNTING AUTHORITY REPORT

8. FINANCIAL STATEMENTS

The financial statements are prepared in accordance with the Standards of Generally Recognised Accounting Practice (GRAP) as set out in Accounting Policy paragraph 1 on page 133.

9. AUDITORS

The Auditor-General will continue in office as External Auditor in accordance with section 13 of the National Qualifications Framework Act.

The Auditor-General expresses an opinion on the financial statements. The audit has been performed in terms of section 188 of the Constitution of the Republic of South Africa, read with section 4 of the Public Audit Act, 2004 (Act No. 25 of 2004) and section 13 of the National Qualifications Framework Act (Act No. 67 of 2008). The audit is conducted in accordance with International Standards on Auditing.

10. FAIR PRESENTATION

The financial statements fairly present the state of affairs of SAQA at 31 March 2019, the results of its operations and cash flow information for the year then ended. These were approved by the Board on 25 July 2019.

11. PROJECTS

Projects continue to play a role in the realisation of SAQA's objectives. The Board is grateful for the contributions to SAQA by the project partners for the year.

Projects	1 April 2018 Balance	Current Year Income	Current Year Expenditure/ Release/ Refund	31 March 2019 Balance
	R	R	R	R
CHE - HEQCIS	351,074	1,655,250	(1,733,293)	273,031
Tirelo Bosha Digitisation Projects	2,116,280	-	(885,493)	1,230,787
Total	2,467,354	1,655,250	(2,618,786)	1,503,818

Below is a summary of the services provided in terms of the projects:

SAQA has been contracted to manage the Higher Education Quality Committee Information System (HEQCIS) on behalf of the CHE

The Tirelo Bosha projects granted funding to SAQA for two digitisation of learner records projects. The first project is for the digitisation of pre-1992 Senior Certificate learner records. The second project is for the digitisation of records of Teacher Qualifications.

STATEMENT OF FINANCIAL PERFORMANCE

for the year ended 31 March 2019

	Note(s)	2019 R	2018 R

ACCOUNTING POLICIES

1. BASIS OF PREPARATION

The Annual Financial Statements have been prepared in accordance with the Standards of Generally Recognised Accounting Practice (GRAP), issued by the Accounting Standards Board in accordance with Section 91(1) of the Public Finance Management Act (Act 1 of 1999).

The accounting policies set out below have been applied consistently to all periods presented in these financial statements. The financial statements have been prepared on the historical cost basis except for financial instruments stated at fair value as disclosed in the notes below. The financial statements are presented in South African Rand.

1.1 Significant accounting judgements and estimates

The preparation of financial statements in conformity with GRAP requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying SAQA's accounting policies. Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the annual financial statements, are disclosed below.

Significant accounting estimates and assumptions

Provisions

Provisions were raised based on management-determined estimates using the information available. The accounting policy for provisions is disclosed under note 1.5 and additional disclosure of these estimates of provisions are included in note 14.

Depreciation and amortisation

During each financial year, management reviews property, plant and equipment and intangible assets to assess whether the useful lives and residual values applicable to each asset are appropriate.

At the end of each financial year, management assesses whether there is any indication that SAQA's expectations about the residual values and the useful lives of assets included in property, plant and equipment have changed since the preceding reporting date.

Impairment of receivables

Management conducts annual tests to determine whether receivables have suffered any impairment (refer to note 1.11).

1.2 Property, Plant and Equipment

The cost of an item of property, plant and equipment is recognised as an asset when:

- it is probable that future economic benefits or service potential associated with the item will flow to the entity; and
- the cost of the item can be measured reliably.

Items of property, plant and equipment are stated at cost less accumulated depreciation and impairment losses. Where parts of an item of property, plant and equipment have different useful lives, they are accounted for as separate items of property, plant and equipment.

Costs include expenditure that is directly attributable to the acquisition of the assets.

ACCOUNTING POLICIES

SAQA recognises in the carrying amount of property, plant and equipment the cost of replacing part of such an item when the cost is incurred if it is probable that the future economic benefit or service potential embodied within the item will flow to SAQA and the cost can be measured reliably. All other costs are recognised in the statement of financial performance when incurred.

Where property, plant and equipment is acquired through a non-exchange transaction, its cost is its fair value as at the date of acquisition.

Land is not depreciated. Depreciation is charged to the statement of financial performance on a straight-line basis over the estimated useful lives of each part of an item of property, plant and equipment. The estimated useful lives are as follows:

Asset	Useful life
Land	-
Buildings	5–50 years
IT equipment	4–20 years
Furniture and fixtures	4–27 years
Motor vehicles	10 years

The depreciation charge for each period is recognised in surplus or deficit. Depreciation methods, estimated useful lives and residual values are reviewed annually at reporting date.

Items of property, plant and equipment are de-recognised when the asset is disposed of or when there are no further economic benefits or service potential expected from the use of the asset.

The gain or loss arising from the de-recognition of an item of property, plant and equipment is included in surplus or deficit when the item is derecognised. The gain or loss arising from the de-recognition of an item of property, plant and equipment is determined as the difference between the net disposal proceeds, if any, and the carrying amount of the item.

Maintenance and repairs, which neither materially add to the value of the assets nor prolong their useful lives, are charged against the statement of financial performance. The entity separately discloses expenditure to repair and maintain property, plant and equipment in the notes to the financial statements (refer to note 9).

1.3 Intangible assets

An asset is identifiable if it either:

- is separable, i.e. is capable of being separated or divided from an entity and sold, transferred, licensed, rented or exchanged, either individually or together with a related contract, identifiable assets or liability, regardless of whether the entity intends to do so; or
- arises from binding arrangements (including rights from contracts), regardless of whether those rights are transferable or separable from the entity or from other rights and obligations.

An intangible asset is recognised when:

- it is probable that the expected future economic benefits or service potential that are attributable to the asset will flow to the entity; and
- the cost or fair value of the asset can be measured reliably.

ACCOUNTING POLICIES

An intangible asset is recognised at cost if it is probable that future economic benefits or service potential will flow to SAQA. Amortisation is charged on a systematic basis over the estimated useful lives of the intangible assets.

Subsequent expenditure on capitalised intangible assets are capitalised only if it increases the future benefits or service potential embodied in the specific asset to which it relates. The carrying amounts are reviewed at financial position date to determine whether there is any indication of impairment. The estimated useful lives and residual values are reassessed annually.

All of SAQA's intangible assets have a finite useful life.

Amortisation is provided to write down the intangible assets, on a straight line basis, to their residual values as follows:

Item	Useful life
DFQEAS Workflow Software	8–14 years
NLRD Software	22 years
SAQA Website	5,5 years
License Fees	As per the license agreement
Verifications Database	8 years
Other computer software	10 years

Intangible assets are derecognised:

- on disposal; or
- when no future economic benefits or service potential are expected from their use or disposal.

The gain or loss arising from the de-recognition of an intangible assets is included in surplus or deficit when the asset is de-recognised.

1.4 Inventories

Inventories are initially measured at cost except where inventories are acquired through a non-exchange transaction, in which case their costs are their fair value as at the date of acquisition.

Subsequently stationery inventories are measured at the lower of cost and current replacement cost at reporting date. Collateral Inventories are measured at the lower of cost and current replacement cost where they are held for distribution at no charge or for a nominal charge.

Current replacement cost is the cost the entity incurs to acquire the asset on the reporting date.

The cost of inventories is assigned using the first-in, first-out (FIFO) formula. The same cost formula is used for all inventories having a similar nature and use to the entity.

1.5 Provisions

Provisions are recognised in the statement of financial position when:

- SAQA has a present legal obligation as a result of a past event; and
- It is probable that an outflow of economic benefits will be required to settle the obligation.

If the effect is material, provisions are determined by discounting the expected future cash flows at a rate which reflects current market assessments of the time-value of money and, where appropriate, the risks specific to the liability.

Provision for onerous contracts is recognised when the expected benefits to be derived from the contracts are lower than the unavoidable cost of meeting the

ACCOUNTING POLICIES

obligations under the contracts. A provision is measured at the present value of the lower of the expected cost of terminating the contract and the expected net cost of continuing with the contract. Before a provision is established, SAQA recognises any impairment loss on the asset associated with the contract.

Performance bonus

Performance bonus is a short-term employee benefit which is expensed as the related services are provided. A liability is recognised for the amount expected to be paid if the entity has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be measured reliably. A liability for performance bonus is raised on the estimated amount payable in terms of the incentive scheme which is based on the employee's performance in the applicable year. Performance bonuses are expected to be settled within 12 months from reporting date.

1.6 Commitments

Commitments are disclosed where SAQA has, in the normal course of its operations, entered into a contractual agreement with entities and suppliers related to expenses which are yet to be due for payment. Commitments are not recognised in the statement of financial position, but disclosed in the notes for the annual financial statements. Refer to note 24.

1.7 Employee benefits

Short-term employee benefits

The cost of all short-term employee benefits is recognised during the period in which the employee renders the related service. The recognised employee entitlements

to 13th cheque and annual leave represent the amount that SAQA has a present obligation to pay as a result of employees' services provided at reporting date. The amounts are calculated based on salary rates at reporting date.

Defined contribution plan

SAQA contributes to a defined contribution plan and all contributions are charged against the statement of financial performance as incurred.

1.8 Revenue

Revenue from exchange transactions

Revenue is the gross inflow of economic benefits or service potential during the reporting period when those inflows result in an increase in net assets, other than increases relating to contributions from owners.

An exchange transaction is one in which SAQA receives assets or services, or has liabilities extinguished, and directly gives approximately equal value (primarily in the form of goods, services or use of assets) to the other party in exchange.

Fair value is the amount for which an asset could be exchanged, or a liability settled, between knowledgeable, willing parties in an arm's length transaction.

Revenue from exchange transactions comprises the following:

Verification fees

Verification fees for learner achievements are recognised once the services have been rendered and they become due and payable.

ACCOUNTING POLICIES

Foreign qualifications evaluation fees

A Compliance and Administration Fee is recognised as income once an application has been accepted, registered and a reference number is assigned. The balance of the fee charged is recognised as revenue once the evaluation is completed and a report/certificate is issued.

Professional bodies fees

A percentage of 0,27% of non-statutory professional bodies' total income minus income from donations and sponsorships with a minimum fee of R10 000 and maximum fee of R200 000 is recognised as revenue annually.

Sundry income

Sundry income comprises income recoveries and income received from projects that SAQA manages from time to time. Sundry income is recognised when it becomes due to SAQA.

Rent income

Rent income is recognised in the statement of financial performance on a straight-line basis over the period of the lease. Lease incentives granted are recognised as an integral part of the total rental income.

Interest income

Interest income from short-term investment is recognised on a time-proportion basis using the effective interest rate.

Revenue from non-exchange transactions

Government grant from Department of Higher Education and Training

The Government grant is initially recognised in the statement of financial position as deferred revenue when there is reasonable assurance that the conditions attached to it will be complied with and that the grant will be received.

Subsequent to initial recognition:

- Grants for the purpose of giving immediate financial support with no future related costs are recognised in the statement of financial performance in the period in which they become receivable; and
- Grants that compensate the entity for expenses or losses incurred are recognised as revenue in the statement of financial performance on a systematic basis in the same periods in which the expenses or losses are incurred.

Grants received that carry any restrictions or conditions as to the use thereof are held in a deferred revenue account until such time as the conditions or stipulations related thereto have been fulfilled or a repayment has been made. Each grant is assessed to determine if any liability exists and if so, the grant is recorded as deferred revenue until such time as there is no longer any liability by the entity that relates to that grant.

1.9 Prepayments

Prepayments are payments made in advance for services that have not been delivered for which SAQA expects the delivery in the next financial period. Prepayments are recognised as current assets and are not discounted as the discounting effect is considered immaterial.

1.10 Leases

Operating leases – lessor

Operating lease revenue is recognised as revenue on a straight-line basis over the lease term. Contingent rent is recognised as revenue in the period it arises.

The difference between the amounts recognised as an revenue and the contractual payments are recognised as an operating lease asset or liability.

ACCOUNTING POLICIES

Operating leases – lessee

Operating lease payments are recognised as an expense on a straight-line basis over the lease term. The difference between the amounts recognised as an expense and the contractual payments are recognised as an operating lease asset or liability.

1.11 Financial instruments

Initial recognition and measurement

Financial assets and financial liabilities are recognised in SAQA's statement of financial position when SAQA becomes party to the contractual provisions of the instrument. Financial assets and liabilities are recognised initially at fair value. In the case of financial assets or liabilities not classified at fair value through the statement of financial performance, transaction costs that are directly attributable to the acquisition or issue of the financial instrument are added to the fair value. Financial assets are derecognised if the SAQA's contractual rights to the cash flows from the financial assets expire or if SAQA transfers the financial assets to another party without retaining control or substantially all risks and rewards of the asset. Financial liabilities are derecognised if the SAQA's obligations specified in the contract expire or are discharged or cancelled.

Financial instruments are classified in the following categories:

Receivables

Receivables are initially recognised at fair value and subsequently measured at amortised cost using the effective interest rate method less provision for credit losses.

A provision for credit losses is established when there is objective evidence that not all amounts due will be collected according to original terms of the receivables.

Significant financial difficulties of the debtor, probability that the debtor will enter bankruptcy or financial reorganisation, and default or delinquency in payments (more than 30 days overdue) are considered indicators that the trade receivable is impaired. The provision for the credit allowance is recognised in surplus or deficit when there is objective evidence that the asset is impaired. The allowance recognised is measured as the difference between the asset's carrying amount and the present value of estimated future cash flows discounted at the effective interest rate.

Payables

Payables are initially measured at fair value, and are subsequently measured at amortised cost, using the effective interest rate method.

Cash and cash equivalents

Cash and cash equivalents consist of the balances in the current and call investment accounts and the cash on hand. Cash and cash equivalents are recognised at cost, which equals to their fair value at reporting date.

Offset

Financial assets and financial liabilities are offset and the net amount reported in the statement of financial position when SAQA has a legally enforceable right to set off the recognised amounts, and intends either to settle on a net basis, or to realise the asset and settle the liabilities simultaneously.

1.12 Foreign currency transaction and balances

Transactions denominated in foreign currencies are translated at the rate of exchange ruling at the transaction date. Any remaining balances denominated in foreign currencies are translated at the rate of exchange ruling at the financial position date. Gains or losses arising on translation are credited to or charged against the statement of financial performance.

ACCOUNTING POLICIES

1.13 Impairment of assets

SAQA's non-financial assets consist only of non-cash-generating assets. The carrying amounts of SAQA's assets are reviewed at each statement of financial position date to determine whether there is any indication of impairment. If there is any indication that an asset may be impaired, its recoverable service amount is the higher of its fair value less costs to sell and its value in use.

Value in use is the present value of the asset's remaining service potential. This is determined using the depreciation replacement cost method. In assessing value in use, the estimated future cash flows are discounted to their present value using a discount rate that reflects current market assessments of the time value of money and risks specific to the asset.

An impairment loss of assets carried at cost less any accumulated depreciation or amortisation is recognised immediately in surplus or deficit.

1.14 Related parties

All payments to the Executive Management members and Board members are disclosed as related-party transactions. Transactions and balances with national departments of government and state-controlled entities which occur other than at arm's length or outside the operating parameters are also disclosed as related parties.

1.15 Irregular expenditure

Irregular expenditure as defined in section 1 of the PFMA is expenditure other than unauthorised expenditure, incurred in contravention of or that is not in accordance with a requirement of any applicable legislation, including:

- (a) this Act; or
- (b) the State Tender Board Act, 1968 (Act No. 86 of 1968), or any regulations made in terms of the Act; or

- (c) any provincial legislation providing for procurement procedures in that provincial government.

Irregular expenditure is recorded in the notes to the financial statements when confirmed. The amount recorded is equal to the value of the irregular expenditure incurred, unless it is impractical to determine, in which case reasons therefore must be provided in the notes.

Irregular expenditure receivables are measured at the amount that is expected to be recovered and are de-recognised when settled or written-off as irrecoverable.

1.16 Expenditure

Expenses have not been offset except where offsetting is required or permitted by a Standard of GRAP and are accounted for on the accrual basis of accounting.

1.17 Deferred income

SAQA recognises deferred income when it has received funds in advance for services that it has still to render. Once it has rendered the services, the funds are recognised as income in the statement of financial performance. Deferred income is stated at nominal amount received. The effect of discounting is immaterial.

1.18 Contingent liabilities

Contingent liabilities are possible obligations that arise from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of SAQA.

Contingent liabilities are not recognised, but disclosed in the notes to the financial statements. Contingent liabilities are disclosed in note 23.

Cash and cash equivalents consist of:		
Cash on hand	1,544	1,127
Bank balances	2,029,747	2,382,526
Credit card deposit	200,000	200,000
Corporation for Public Deposits	23,284,042	19,914,018
	25,515,333	22,497,671

The average weekly balance of funds held at the Corporation for Public Deposits (CPD) over the financial year was R25,67 million (2018: R24,92 million) and the average interest rate over the same period was 7.21% (2018: 7.33%).

Credit quality of cash at bank and short-term deposits, excluding cash on hand

Cash and short-term deposits held with banking institutions and the CPD and are regarded as having insignificant credit risk. SAQA invests its surplus cash in the short-term deposit account with CPD. The interest rate fluctuates in line with the movements in current money market rates.

SAQA acquired the land and buildings at 1067 Arcadia Street, Hatfield, Pretoria, Erf 637 Hatfield, on 1 October 2002 for R5,400,000. Net improvements to land and buildings to date amount to R16,602,746 (2018: R15,738,110).

None of the items of property, plant and equipment are pledged as security.

The useful lives and residual values of various categories of property, plant and equipment were assessed at reporting date and it resulted in a change in accounting estimate. Refer to note 21.

Expenditure on repairs and maintenance to property, plant and equipment amount to R1,164,698 (2018: R938,681).

13 th Cheque accrual	1,103,747	1,045,340
Total	12,009,497	9,601,717

SAQA pays all its trade and other payables within 30 days of receipt of invoice in accordance with the terms of the PFMA and Treasury Regulations.

SAQA does not know the timing of the payment, if any, for any accrued leave pay as this is dependent on whether an employee remains in the service of SAQA or not. Any accrued bonus (13th cheque) is paid out in December each year or in the month after an employee leaves the employ of SAQA. These accruals have therefore not been included in the analysis table below.

The ageing of Trade Payables is as follows:

	R	R
Current due (1 month)	6,052,256	4,507,192
2 months past due	282,069	157,797

NOTES TO THE ANNUAL FINANCIAL STATEMENTS

16. OPERATING LEASE

SAQA leases office space and microcell space for a period of two years and nine years and 11 months respectively. The office space agreement includes escalations of 6% per annum and the lease started on 1 January 2018. In terms of the microcell lease agreements, the commencement date is 1 December 2014 and SAQA is entitled to a minimum lease payment of R18,000 per annum. The lease agreement provides for a lease escalation rate linked to the percentage increase to the headline consumer price index (CPI) annually. The contingent rent recognised as revenue in the current year is R7,496.

SAQA leases out offices in the SAQA House building under operating leases. The future minimum lease payments under non-cancellable leases are as follows:

	2019	2018
	R	R
Less than one year	667,271	846,944
Between one and five years	72,000	721,271
More than five years	10,500	28,500
Total	749,771	1,596,715
Amount to be recognised in future periods	749,771	1,596,715

17. TAXATION

SAQA is exempt from Income Tax in terms of section 10(1)(cA) of the Income Tax Act.

18. FINANCIAL RISK MANAGEMENT

Financial risk factors

Exposure to credit risk arises in the normal course of SAQA's business. Exposure to currency and interest rate risk is minimal. SAQA has an overall risk management plan that is approved by the Board and is annually reviewed by the Audit and Risk Committee. The Board has approved written policies covering specific areas such as the investment policy, debtors policy, payables policy and other policies that SAQA's management adheres to.

NOTES TO THE ANNUAL FINANCIAL STATEMENTS

18. FINANCIAL RISK MANAGEMENT (CONTINUED)

Credit risk

Management has a credit policy in place and the exposure to credit risk is monitored on an ongoing basis. Reputable financial institutions are used for investing and cash-handling purposes.

At the statement of financial position date there was no significant concentration of credit risk (Refer to note 34).

The maximum exposure to credit risk is represented by the carrying amount of each financial asset in the statement of financial position.

Liquidity risk

SAQA manages liquidity risks by monitoring forecasted cash flows and ensuring that the necessary funds are available to meet any commitments which arise. SAQA further manages liquidity risk by only spending according to its approved budget, which is fully funded. The budget is reviewed and approved annually by the Board and by the Minister of Higher Education and Training. Cash which is not needed immediately is invested with the Corporation for Public Deposits. As funds are needed, the necessary cash is transferred to SAQA's operations account. Creditors are paid within 30 days of receipt of invoice. See note 12 for an analysis of the timing of the payments to trade creditors.

Interest rate risk

SAQA's exposure to interest rate risk relates to the call deposit held with the Corporation for Public Deposits (CPD). The interest rate is updated weekly and is linked to the Treasury Bill rate. SAQA reviews the rate at regular intervals and compares the rate received to the rates available in the market from other large commercial banking institutions to ensure that it is receiving competitive rates. The funds held with the CPD are available on the same day, if requested before 12:00.

On an average cash balance of R25,67 million (2018: R24,92 million), a 1% rise or fall in the interest rate would have an effect on income of either increasing income or decreasing it by R256,700 (2018: R249, 200), having an effect of 0.21% (2018:0.22%) of total income.

Fair values

The fair values of all financial instruments are substantially identical to carrying amounts reflected in the statement of financial position.

NOTES TO THE ANNUAL FINANCIAL STATEMENTS

19. RETIREMENT BENEFIT OBLIGATIONS

SAQA operates a defined contribution retirement plan covering all qualifying employees. The fund is governed by the Pension Funds Act, 1956 (Act No. 24 of 1956).

The assets of the fund are held in trust under the control of the umbrella Board of Trustees of the Orion Money Purchase Pension Fund (SA). Old Mutual is the fund underwriter. Fund assets consist primarily of monthly contributions paid over to the fund on behalf of the members by the participating employers. The underlying assets are invested in listed shares, fixed income securities, cash and deposits.

The total cost charged to income of R8,695,447 (2018: R8,004,724) represents contributions payable to the scheme by SAQA according to the rates specified in the rules of the scheme. This amount is disclosed under employee-related costs in the statement of financial performance (refer to note 3). As at 31 March 2019, all contributions had been paid over to the scheme.

20. SUBSEQUENT EVENTS

No adjusting or non-adjusting events requiring disclosure occurred after the reporting period.

21. CHANGE IN ACCOUNTING ESTIMATE

	2019	2018
	R	R
Impact of changes in accounting estimates		
Increase in net surplus	361,903	1,293,473
Decrease in depreciation on property, plant and equipment	(361,903)	(612,980)
Decrease in amortisation on intangible assets	-	(680,493)
Total	-	-

In the current year, management re-assessed the remaining useful lives and residual values of property, plant and equipment and intangible assets. The change in estimate is applied prospectively. The effect of this assessment has decreased the depreciation and amortisation charges in the current period and increased the depreciation and the amortisation charges for future periods by R361,903.

NOTES TO THE ANNUAL FINANCIAL STATEMENTS

22. INVESTMENT PROPERTY

The Authority leases a portion of the SAQA House building, but has decided not to treat this property as an investment property as the Authority occupies a significant portion of the building for administration purposes. Accordingly, the leased floor space is treated as an operating lease of property, plant and equipment.

23. CONTINGENT LIABILITIES

SAQA does not have any contingent liabilities at reporting date.

24. COMMITMENTS

Committed and Contracted

SAQA has the following contractual commitments that it has already entered into for the coming financial years.

	2019	2018
	R	R
Research – Durban University of Technology	60,000	220,000
IT-Related Costs	7,736,369	3,012,725
Facilities Costs	5,679,221	7,243,013
Professional Services	2,359,450	1,805,778
Advertisements and Advocacy	2,579,870	154,403
Total	18,414,910	12,435,919

Research Proposal Commitments

SAQA has entered into a research partnership agreement with the Durban University of Technology as reflected in the amounts above. Should the research partner not perform according to the terms of the agreement, SAQA has the right to cancel the agreement and to withhold any further payments to the institution.

NOTES TO THE ANNUAL FINANCIAL STATEMENTS

	2019	2018
	R	R
Tenders approved but not contracted for		
IT-Related Costs	3,531,881	-

SAQA approved two tenders relating to IT services, which were fully contracted for after year-end. The contracts were signed by the service providers after year-end.

Operating lease as Lessee

	R	R
Minimum lease payments due		
within one year	27,830	30,360
in second to fifth year inclusive	-	27,830
Total	27,830	58,190

SAQA entered into a contract for water coolers effective from 1 March 2018 for a period of 24 months. The lease payment is R2,530 per month and there are no built-in price escalations in the lease agreement.

NOTES TO THE ANNUAL FINANCIAL STATEMENTS

25. PUBLIC FINANCE MANAGEMENT ACT

SAQA is not aware of any material losses during the year from any criminal conduct and has not incurred any irregular, unauthorised or fruitless and wasteful expenditure during the financial year. It has therefore not had to carry out any criminal or disciplinary steps in the light thereof.

SAQA has assessed the levels of materiality to be:

- any amount which arises from criminal conduct;
- R1,000 and above which results from irregular, fruitless or wasteful expenditure caused by gross negligence; or
- R670,000 and above, being approximately 0.5% of gross revenue / expenditure budgeted for in the 2018/19 financial year for any other transactions.

The Board has decided that any transaction covered by Section 54(2) of the PFMA in excess of R2 million be reported on, being:

- The acquisition or disposal of a significant asset; and
- The beginning of a significant business activity.

SAQA is not aware of any fruitless and wasteful expenditure that occurred during the financial year.

SAQA received R66,719,000 (2018: R64,940,000) from the government during the year. No financial commitments were made on behalf of government.

NOTES TO THE ANNUAL FINANCIAL STATEMENTS

26. PRIOR-PERIOD ADJUSTMENT

Management decided to re-assess the useful lives of fully depreciated assets that are still in use. This has resulted in management disclosing a prior-year adjustment. The impact of the prior-year adjustment is as follows:

	2019	2018
	R	R
Statement of Financial Position		
Increase in Intangible Assets	-	90,538
Increase in Property, Plant and Equipment	-	786,512
Increase in Accumulated Surplus	-	(877,050)
Total	-	-
	R	R
Restated surplus		
Surplus reported 31 March 2018	-	7,801,733
Depreciation and amortisation	-	(515,079)
Total	-	7,286,654

NOTES TO THE ANNUAL FINANCIAL STATEMENTS

27. RELATED PARTIES

Identity of related parties

The entity has a related party relationship with public entities within the national sphere of government. The ultimate parent of SAQA is the government, represented by the Minister of Higher Education and Training. IPSAS 20.27 exempts SAQA from disclosing arm's length transactions between related parties.

Transactions with members of SAQA consist of remuneration and are disclosed in note 4 to the financial statements and the names are detailed in the Accounting Authority Report.

Transactions between SAQA, the DHET and its public entities:

	2019	2018
	R	R
Grant		
Department of Higher Education and Training	66,719,000	64,940,000

NOTES TO THE ANNUAL FINANCIAL STATEMENTS

29. COMMENTS TO THE STATEMENT OF COMPARISON OF BUDGET AND ACTUAL AMOUNTS

The budgetary basis adopted in the budget are the same as those used in the preparation of the financial statements. Both the budget and financial statements are prepared on an accrual basis on the financial statements. The approved budget covers the period from 1 April 2018 to 31 March 2019.

Revenue

Revenue from exchange transactions

The 18% unfavourable variance to budget was due to the following main contributors

- Foreign qualifications evaluation fees are unfavourable to the budget by R8,4 million due to annual increases that were implemented in a different manner than planned and a decrease in the demand for the services.
- Verification income is unfavourable to the budget by R5,2 million due to services being blocked for clients that have long outstanding balances and a decrease in demand for services resulting from the freezing of vacant positions by government.
- Rental was under-recovered by approximately R151,000 as a result of the second floor that was previously occupied by a tenant becoming vacant.

Expenditure

Employee-related costs

- Employee-related costs are underspent by R3,2 million mainly due to vacancies during the year.

Depreciation and amortisation

- SAQA does not include depreciation and amortisation in its budget.

NOTES TO THE ANNUAL FINANCIAL STATEMENTS

29. COMMENTS TO THE STATEMENT OF COMPARISON OF BUDGET AND ACTUAL AMOUNTS (CONTINUED)

General expenses

The general expenditure is underspent by an aggregate amount of R11,9 million mainly due to the following contributors:

- Computer application development is underspent by R3,5 million due to the SAQA Website Project and DFQEAS System not being completed during the financial year, as anticipated. The tender for the website was advertised at the end of March 2019.
- Legal fees have a favourable variance to the budget of R1,7 million mainly due to the number of cases being lower than anticipated and the reversal of a prior-year provision which was not utilised.
- IT support and maintenance is underspent by R1 million. The spending under this line item is dependent on SAQA's needs and is estimated at budget stage.
- Saving of R1 million which was budgeted for fixing the building's sewerage pipes. A more cost-effective solution was implemented.
- Saving of approximately R500,000 due to a management decision to publish bulletins and articles online, instead of manual printing.
- Advertisements are dependent on exhibitions that SAQA is invited to. SAQA is increasingly using more social media platforms for advertising than printed media. The social media platforms are considered more cost effective especially when considering the target market. The saving for this line item is R400,000.
- The balance is attributable to various cost-saving initiatives implemented by the directorates.

Non-current assets

Property, Plant and Equipment

Property, plant and equipment (PPE) is underspent by R2,9 million as a result of not being able to spend the additional budget allocated to the PPE by financial year-end. This amount had been allocated to upgrade certain parts of the SAQA building and to replace some of the furniture and fittings. The procurement processes were not able to be completed before the year-end due to the late allocation of the additional resources to this budget line item.

Intangible assets includes software licenses that were purchased that cover periods of longer than one year. These are budgeted under computer software licensing and reclassified to intangible at financial year-end.

NOTES TO THE ANNUAL FINANCIAL STATEMENTS

30. NEW STANDARDS AND INTERPRETATIONS

30.1 Standards and interpretations issued, but not yet effective

The entity has not yet applied the following standards and interpretations, which have been published and are mandatory for the entity's accounting periods beginning on or after 1 April 2019 or later periods:

Standard/ Interpretation:	Effective date: Years beginning on or after	Expected impact:
GRAP 18 (as amended 2016): Segment Reporting	1 April 2019	Unlikely there will be a material impact
GRAP 20: Related Parties	1 April 2019	Unlikely there will be a material impact
GRAP 32: Service Concession Arrangements: Grantor	1 April 2019	Unlikely there will be a material impact
GRAP 105: Transfers of Functions between Entities under Common Control	1 April 2019	Unlikely there will be a material impact
GRAP 106 (as amended 2016): Transfers of Functions between Entities not under Common Control	1 April 2019	Unlikely there will be a material impact
GRAP 107: Mergers	1 April 2019	Unlikely there will be a material impact
GRAP 108: Statutory Receivables	1 April 2019	Unlikely there will be a material impact
GRAP 109: Accounting by Principals and Agents	1 April 2019	Unlikely there will be a material impact
IGRAP 17: Service Concession Arrangements where a Grantor Controls a Significant Residual Interest in an Asset	1 April 2019	Unlikely there will be a material impact
IGRAP 18: Interpretation of the Standard of GRAP on Recognition and Derecognition of Land	1 April 2019	Unlikely there will be a material impact

31. IRREGULAR EXPENDITURE

	2019	2018
	R	R
Opening balance	261,043	99,148
Add: Irregular Expenditure – current year	-	272,189
Less: Amounts Condoned	(261,043)	(110,294)
Total	-	261,043

NOTES TO THE ANNUAL FINANCIAL STATEMENTS

31. IRREGULAR EXPENDITURE (CONTINUED)

Details of irregular expenditure condoned

Schindler lifts

SAQA initially entered into a five-year maintenance contract with Schindler Lifts for the maintenance of the lifts in SAQA House. Unless the contract is cancelled, the contract is automatically renewed for a new five-year term on the same terms and conditions as the original contract. The lift maintenance contract expired in November 2015 and was automatically renewed for a further five-year period. SAQA had appointed Schindler to upgrade the lift doors in February 2015 and, according to that contract, should SAQA not use Schindler for the normal maintenance of the lifts, then the warranties on the lift door upgrade would lapse and thereby cause additional expenditure to the state. SAQA therefore did not cancel the maintenance contract with Schindler and renewed it for a further five-year maintenance agreement. The renewal of the contract on the same terms and conditions as the original contract exceeded the 20% variance as allowed by National Treasury for which approval was not requested. This resulted in irregular expenditure in the amount of R0 (2018: R79,287) being incurred during the year. National Treasury has condoned the amount incurred and issued a new Irregular Expenditure Framework implementable from 1 December 2018 to clarify condonement of multi-year contracts.

Optiplan

During the prior financial year, SAQA procured Optiplan Filing System products from Waltons by means of sole sourcing. Waltons is the sole provider of Optiplan products in South Africa and therefore management was of the view that Waltons, in accordance with National Treasury's definition, possesses the unique singularity available capacity to meet SAQA's requirements for its filing system. SAQA did not invite competitive bids when procuring the Optiplan products and did not provide the Auditor-General with a market analysis of similar products and was therefore told it had incurred irregular expenditure by the Auditor-General during the 2016/17 financial year, to the amount of R68,141. The Board condoned this irregular expenditure during the 2018/19 financial year.

Legal Services

During the prior financial year, SAQA secured domains and procured the services for the monitoring of trademarks transgressions. Management considered the best value principle when procuring these services and, therefore, the same service provider that was used for registration was also used for the monitoring, which resulted in irregular expenditure for the 2017/18 financial year to the amount of R192,902. The expenditure was condoned by the Board during the 2018/19 financial year.

NOTES TO THE ANNUAL FINANCIAL STATEMENTS

32. RECONCILIATION BETWEEN BUDGET AND STATEMENT OF NET ASSETS

Reconciliation of budget surplus/deficit with the net cash generated from operating, investing and financing activities:

	2019	2018
	R	R
Operating activities		
Actual amount as presented in the budget statement	6,752,000	3,560,286
Timing differences	864,169	(223,028)
Net cash flows from operating activities	7,616,169	3,337,258
	R	R
Investing activities		
Actual amount as presented in the budget statement	(5,745,000)	(3,560,000)
Timing differences	1,146,493	953,789
Net cash flows from investing activities	(4,598,507)	(2,606,211)
Net cash generated from operating and investing	3,017,662	731,047

33. SEGMENT INFORMATION

General information

Identification of segments

The entity is organised and reports to management on a programme basis. There are six different programmes each with its own area of responsibility as set out in the APP. Programme 1 – Administration is aligned with National Treasury's recommendation that the support functions form part of this Programme. There are five sub-programmes which are included in Programme 1. The other programmes have been organised around the specific functions and deliverables that these programmes are set to achieve in line with SAQA's mandate and functions in terms of the NQF Act.

NOTES TO THE ANNUAL FINANCIAL STATEMENTS

33. SEGMENT INFORMATION (CONTINUED)

Information reported about these segments is used by management as a basis for evaluating each segment's performance and for making decisions about the allocation of resources. The disclosure of information about these segments is also considered appropriate for external reporting purposes.

Aggregated segments

The entity operates from its offices in Pretoria and does not have any other business premises from which it conducts any operations. Programme 1 reflects aggregated information on the basis of the administration and support functions that the sub-programmes contribute to the entity's services. The Verifications Project and NLRD services have been aggregated under Programme 3 on the basis that they both utilise the NLRD to fulfil their functions. All the other programmes have not been aggregated and are reflected separately based on the services rendered by each programme.

Types of goods and/or services by segment

These reportable segments with the revenue and expenditure for each segment are set out in the tables below. The total column of the segment revenue agrees to and reconciles with note 2 above, while the total column of the segment expenditure agrees to and reconciles with note 3 and 4 above. The resultant aggregate deficit of the segments agrees with the deficit as reflected in the statement of financial performance. The entity reports segmented information on the assets and liabilities of the different programmes as the majority are managed on a centralised basis by the administration and support programme.

NOTES TO THE ANNUAL FINANCIAL STATEMENTS

34. CREDIT QUALITY OF RECEIVABLES FROM EXCHANGE TRANSACTIONS FAIR VALUE OF RECEIVABLES

	2019	2018
	R	R
Receivables from exchange transactions	5,659,758	5,646,510

Receivables which are past due are assessed for impairment and provision is made on the statement of financial performance (refer to note 6. A provision for credit loss is raised for all receivables outstanding for greater than one year even although SAQA considers these amounts to be recoverable.

The ageing of amounts due but not impaired is as follows:

	R	R
Current due (1 month)	3,232,211	1,590,769
2 months past due	433,944	822,103
>3 months past due	1,993,603	3,233,638
Total	5,659,758	5,646,510

The maximum exposure to credit risk at the reporting date is the value of each class of receivable mentioned above. SAQA does not hold any collateral as security.

NOTES TO THE ANNUAL FINANCIAL STATEMENTS

35. FINANCIAL ASSETS BY CATEGORY

The accounting policies for financial instruments have been applied to the line items below:

2019

	Financial assets at amortised cost	Total
Receivables	5,659,758	5,659,758
Cash and cash equivalents	25,515,333	25,515,333
Total	31,175,091	31,175,091

2018

	Financial assets at amortised cost	Total
Receivables	5,646,510	5,646,510
Cash and cash equivalents	22,497,671	22,497,671
Total	28,144,181	28,144,181

NOTES TO THE ANNUAL FINANCIAL STATEMENTS

36. FINANCIAL LIABILITIES BY CATEGORY

The accounting policies for financial instruments have been applied to the line items below:

2019

	Other financial liabilities	Total
Payables	8,482,965	8,482,965

2018

	Other financial liabilities	Total
Payables	6,403,129	6,403,129

37. RECLASSIFICATION OF COMPARATIVE FIGURES

The credit card deposit has been reclassified from prepayments to cash and cash equivalents. The reclassification is aimed to improve the disclosure and fair presentation of the asset. The reclassification has resulted in a decrease in prepayments and an increase in cash and cash equivalents by R200 000.

The deferred income from Foreign Qualifications Evaluation and Advisory Services was reclassified from the calculation of cash paid to suppliers and others to the calculation of cash received from rendering of services. The reclassification has resulted in a decrease in cash received from service rendering and cash paid to suppliers and other. There is no impact on the cash and cash equivalents.

The statement of financial performance and its related notes 2, 3 and 4 were reclassified with the aim of improving disclosure and fair presentation of the income and expenditure. The reclassification did not impact on the total surplus as reported.
